Data Analyst | Data Engineer | Data Scientist

Data management professional with six years of experience in financial and conglomerate sectors, specializing in data modeling, warehousing, and ETL development. Skilled in leveraging SQL, Python, and BI tools to drive operational insights and support strategic decisions. Demonstrates a proven ability to optimize data workflows and enhance stakeholder engagement to fuel data-centric growth.

TECHNICAL SKILLS

- **Technical Skills:** Microsoft Excel (VBA), SQL, Tableau & Power BI, Python (Machine Learning & Deep Learning)

WORK EXPERIENCE

Data Analyst Intern. | Captor USA Corp

Mar 2025 - Present

- Conducted in-depth analytical analysis of healthcare patient data, enhancing decision-making processes for operations.
- Utilized SQL, Python, and Tableau to streamline payment analytics, optimizing revenue cycle management.
- Introduced a document upload app, enabling 400 patients to upload documents securely.
- Developed a new marketing strategy to attract new patients.
- Automated systems using Python, reducing manual labor and increasing operational efficiency.

Data Analyst Associate Manager, MIS & Portfolio Analyses. | Eastern Bank Ltd.

Oct 2022 - Aug 2023

- Managed EMI reporting and data pipelines using SQL, Python, and Power BI, enhancing stakeholder engagement and supporting data-driven decision making.
- Optimized reporting for key stakeholders (Bangladesh Bank, VISA, MC, UPI) through structured data warehousing and Excel and Tableau visualization.
- Directed business reviews with SQL, Python, Power BI, and Tableau, contributing to scalable data analyses and strategic decisions.

Data Analyst Assistant Manager, MIS & Portfolio Analyses | The City Bank Ltd.

Jul 2020 - Sep 2022

- Led daily volume reporting and data engineering tasks using SQL and Excel, improving actionable insights and decision support.
- Enhanced productivity and analytical capabilities with weekly Python-powered data integration and Power BI visualizations.
- Developed monthly reports with Tableau, engaging key stakeholders (Bangladesh Bank, AMEX, VISA, MC, UPI) and reinforcing data warehousing practices.

Planning Analyst |Advanced Chemical Industries Ltd.

May 2019 - Jul 2020

- Drove IoT, AI, and Industry 4.0 projects at ACI with Python, R, and Excel VBA, boosting efficiency.
- Updated daily sales and performed analyses via Excel and Power BI, deriving insights.
- Designed ecosystem maps and infographics in Tableau and PowerPoint for strategic clarity.

EDUCATION

Long Island University (POST)

May 2025

Master of Science, Data Analytics & Strategic Business Intelligence (GPA: 4.00/4.00)

- **Achievements:** Nespola Scholar Award - Recognized by Long Island University Post for academic excellence (2024-2025)

Ahsanullah University of Science & Technology

Bachelor of Science, Computer Science & Engineering (GPA: 3.43/4.00)

ACADEMIC PROJECTS

Time Series Analysis | Academic Projects

- Utilized ARIMA and Holt-Winters models to forecast Mansfield's time series data, focusing on orders over time.
- Applied stationarity checks, model fitting, and diagnostics for accurate forecasting.

Regression Analysis | Academic Projects

- Analyzed Mansfield's time series data using Linear, Ridge, Lasso, and Elastic Net regressions to explore feature relationships.
- Demonstrated how regularization methods improve model generalization and reduce overfitting..

Deep Learning Image Classification (Corona Industry) | Academic Projects

- Built a CNN-based image classification pipeline for product identification at Corona Industry.
- Utilized Python libraries (TensorFlow/Keras or PyTorch) for preprocessing, model training, and evaluation, achieving high accuracy.

PROFESSIONAL CERTIFICATIONS

- **Tableau Certified Data Analyst Training | Udemy**
- **Google Big Query & PostgreSQL: Big Query for Data Analysis | Udemy**
- **Data Manipulation with Pandas | Datacamp**
- **Streamlined Data ingestion with Pandas | Datacamp**

AWARDS & HONORS

- **Nespola Scholar Award** | Recognized by Long Island University Post for academic excellence
