CERTIFICATIONS

- Delft University of Technology**, Delft, Netherlands
MicroMasters Program in Solar Energy Engineering
Coursework: Photovoltaic Energy Conversion, PV Technologies, PV Systems, Integration of PV Systems in Microgrids
- UC Berkeley Extension**, Berkeley, CA
Berkeley Coding Boot Camp - Full Stack Flex Program
Intensive online full stack web development course
Languages and Skills: HTML, CSS, JavaScript, jQuery, React.js, MySQL, Node.js, Express.js

WORK EXPERIENCE

- 2024-
PROMPT ENGINEER, OUTLIER, NEW YORK, NY

Developed and refined complex prompts designed to elicit specific knowledge, reasoning abilities, and creative outputs from large language models, iterating based on model performance.
 - * Critically analyzed model-generated responses for accuracy, coherence, safety, and adherence to instructions, identifying patterns and areas for improvement.
 - * Collaborated closely with AI researchers and engineers to provide qualitative feedback on model capabilities, contribute to training data development, and align prompt strategies with research goals.
- 2023-2024
AGENT, NEW YORK LIFE INSURANCE COMPANY, NEW YORK, NY
Advised clients on insurance and financial products, developed client relationships, met sales goals.

EDUCATION

- 2018-2022
Otto-von-Guericke Universität, Magdeburg, Germany
Graduate Studies in SUSTAINABLE ENERGY SYSTEMS
Coursework: Power Electronic Systems, Thermoelectricity, Physics of Solar Cells, Battery Storage Systems, Electrical Power Grids
- 2018
Columbia University, New York, NY
Postbaccalaureate studies in ELECTRICAL ENGINEERING
Certificate of Professional Achievement awarded from School of Professional Studies
Coursework: Electronic Circuits, Principles of Semiconductor Physics, Solar Project Development
- 2014 - 2015
Ruhr Universität Bochum, Bochum, Germany
Postbaccalaureate studies in MATHEMATICS
Coursework: Partial Differential Equations, Topology, Differential Geometry, Signals and Systems
- 2012
Massachusetts Institute of Technology, Cambridge, MA
Bachelor of Science in LINGUISTICS AND PHILOSOPHY
Minors in MATHEMATICS, GERMAN
