

Keerthi Dhatrika

Business Analyst

Location: USA | Email: Keerthidhatrika9@gmail.com | Phone: (862) 357-4576 | [LinkedIn](#)

Summary

- Business Analyst with **4+ years of experience** in bridging business requirements and technical solutions across healthcare, CRM, and regulatory compliance domains.
- Skilled in requirement gathering, documentation (BRD, FRD), process modelling (BPMN), and workflow design to streamline operations.
- Proficient in data analysis and visualization tools, including Power BI, Tableau, Advanced Excel, SQL, SAP, and SAS, for actionable insights and decision-making.
- Expertise in Agile (Scrum, Kanban) and Waterfall methodologies, managing SDLC processes, sprint backlogs, and stakeholder collaboration.
- Adept at process improvement using Lean Six Sigma (DMAIC), SWOT analysis, Root Cause Analysis (RCA), and automation tools.
- Strong command of cloud platforms (AWS, Google Cloud), enterprise tools (Jira, Confluence, SAP), and integration solutions like Informatica and Alteryx.
- Experienced in healthcare tools and compliance frameworks, including HIPAA, GDPR, and EMR/EHR systems, ensuring data governance and regulatory adherence.
- Demonstrates critical thinking, problem-solving, and communication skills to align business objectives with technical implementations.

Skills

- **Business Analysis & Documentation:** Requirement Gathering, BRD, FRD, Use Case Development, Process Modelling (BPMN), Workflow Design
- **Data Analysis & Visualization:** Power BI, Tableau, Advanced Excel (Pivot Tables, VLOOKUP, XLOOKUP, Power Query, VBA), SQL
- **Enterprise Tools:** Jira, Confluence, SAP (Materials Management), SAS
- **Project Management & Methodologies:** Agile (Scrum, Kanban), Waterfall, SDLC, Stakeholder Management, RACI Matrix
- **Business Process Improvement:** SWOT Analysis, Root Cause Analysis (RCA), Fishbone Diagram, Lean Six Sigma, DMAIC
- **Soft Skills:** Critical Thinking, Problem-Solving, Communication, Negotiation, Stakeholder Collaboration, Time Management
- **Cloud & Integration Tools:** AWS (EC2, S3, Redshift), Google Cloud (BigQuery), Informatica, Talend, Alteryx
- **Data Analysis Techniques:** Data Cleansing, Data Wrangling, Statistical Analysis, Time Series Analysis, A/B Testing
- **Healthcare Tools & Technologies:** HIPAA, EMR, HER
- **Version Control & Collaboration:** Git, GitHub, Trello
- **Other Tools:** Microsoft Visio, Lucidchart, Minitab

Professional Experience

Molina Healthcare Business Analyst

July 2024 – Present

- Gathered and documented compliance requirements in alignment with HIPAA and GDPR, ensuring secure data handling and regulatory adherence.
- Designed and implemented Power BI dashboards to monitor real-time compliance metrics and identify potential risk areas.
- Conducted Root Cause Analysis (RCA) to address compliance gaps, implementing automated alerts and workflows for proactive risk management.
- Collaborated with cross-functional teams to define and deploy role-based access controls, enhancing data governance protocols.
- Utilized SQL to extract and analyze compliance data, generating actionable insights for leadership and audit preparation.
- Managed iterative improvements in the compliance framework using Agile methodologies, including sprint planning and backlog prioritization.

Infosys

Jan 2021 – Dec 2022

Business Analyst

- Conducted SWOT analysis and Root Cause Analysis (RCA) to identify key risk areas in regulatory compliance processes, aligning with organizational goals and industry standards.
- Collaborated with cross-functional teams to develop a risk management framework, ensuring adherence to regulations such as GDPR, HIPAA.
- Leveraged SAS and SQL to analyse historical compliance data, create predictive models, and enhance proactive risk monitoring capabilities.

- Documented findings and created user guides in Confluence, ensuring clear communication of compliance strategies and risk mitigation plans to stakeholders.
- Designed and implemented real-time compliance dashboards using Power BI, providing stakeholders with actionable insights and enhancing risk visibility across departments.
- Partnered with IT teams to automate reporting workflows, integrating compliance metrics into existing ERP systems for seamless data management.
- Facilitated training sessions for business units and leadership teams to improve awareness of compliance policies and procedures, reducing training time by streamlining materials and delivery methods.
- Applied Agile methodologies, managing sprint backlogs and prioritizing requirements for iterative development of compliance tools.

Trigent

Oct 2019 – Dec 2020

Business Analyst

- Conducted detailed requirement gathering sessions, creating BRD and FRD to align CRM system capabilities with business objectives.
- Designed BPMN workflows and process diagrams to map and optimize lead tracking, customer segmentation, and sales pipeline processes.
- Partnered with cross-functional teams to configure CRM modules, ensuring seamless integration with ERP systems and marketing tools.
- Developed custom dashboards and reports using Power BI and Advanced Excel to provide actionable insights into customer behaviour and sales performance.
- Led User Acceptance Testing (UAT) by defining test cases, tracking defects, and ensuring system readiness before deployment.
- Facilitated end-user training sessions and created comprehensive training manuals to promote CRM adoption and minimize change resistance.
- Utilized Agile methodologies to ensure timely project delivery, managing sprints and coordinating with stakeholders for iterative improvements.

Academic Projects

- **Real-time Flood Monitoring System (2019):** Developed a real-time monitoring system using IoT and sensor networks to analyze water levels and provide early warnings.
- **Spammer Detection System (2020):** Built a Java and MySQL-based system to detect spam and fake users, enhancing platform security.
- **Comprehensive Financial Modeling (2024):** Designed a financial model evaluating investment opportunities, focusing on ROI, NPV, and IRR metrics.

Education

- **Master's in Information Science**
Trine University, Detroit, Michigan | Jan 2023 - May 2024
- **MBA in Human Resources**
Malla Reddy Engineering College and Management Sciences, Medchal, India | 2021-2022
- **Bachelor's in Computer Science & Engineering**
CMR Group of Institutions, Hyderabad, India | Aug 2016- Oct 2020

Certifications

- **CCNA Routing and Switching (2019)**
- **Cybersecurity Capstone: Breach Response Case Study by IBM (2024)**
- **Microsoft Business Analyst Professional Certificate (In Progress)**
