## EDUCATION

---

### University of Texas, GPA TBA

*Master's in Data Science*

Austin, TX

Aug. 2025 – Aug. 2027

### Oregon State University, GPA 3.81

*Bachelor of Science in Computer Science*

Corvallis, OR

Sep. 2022 – Sep. 2024

### Sam Houston State University, GPA 3.61

*Bachelor of Business Administration in Accounting*

Huntsville, TX

Jan. 2012 – Dec. 2016

## EXPERIENCE

---

### Regional Operations Analyst

June 2022 – Present

*Datavant*

- Conducted data analysis of multiple health care regions to increase the efficiency of medical record retrieval operations using a system called ChartFinder, escalating problem medical record provider sites as needed.
- Utilized Excel with SQL-sourced data, employing PivotTables, VLOOKUP, and XLOOKUP for advanced data manipulation and analysis of provider operations.
- Utilized Power BI to explore, analyze, and interpret health care regions for retrieval operation insights, facilitating business process improvements and medical record yield increases.

### Data Analyst

Dec. 2019 – May 2022

*U.S. Legal Support*

- Conducted data entry and management in ReporterBase, utilizing MySQL queries to access and update client information.
- Ensured client satisfaction through effective communication and timely follow-up with client legal staff.
- Collaborated with finance, sales, customer service, and IT departments to resolve data issues, support business operations, and enhance cross-functional efficiency.

### Purchase Order Processor

Jan. 2017 – Dec. 2019

*Ringer's Gloves*

- Processed large purchase orders using Oracle NetSuite and Salesforce, ensuring timely and accurate order fulfillment.
- Prepared weekly sales reports using advanced Excel functions including the use of PivotTables and VLOOKUP, improving sales tracking and analysis.
- Coordinated with suppliers and logistics teams to streamline order processing and delivery.

## PROJECTS

---

### CS340 Portfolio Project | *JavaScript, HTML, CSS, MySQL*

- Developed a dynamic website with full CRUD functionality, connected to a MySQL database to manage user data.

### CS361 Portfolio Project | *Python, pandas, Matplotlib*

- Created a command-line tool for data analysis, allowing users to input data, generate graphs, and view summary statistics.

### CS473 Portfolio Project | *Python, Flask, REST, Google Cloud Platform*

- Developed and deployed a REST API on Google App Engine using Cloud Datastore, facilitating efficient data handling and storage.

### CS271 Portfolio Project | *x86 Assembly*

- Designed a project in x86 assembly to convert strings of numbers into signed and unsigned integers using the Irvine Library.

## TECHNICAL SKILLS

---

**Languages:** Python, Java, R, MySQL, JavaScript, HTML/CSS

**Frameworks:** REST, Node.js, Flask

**Developer Tools:** Git, Docker, Google Cloud Platform, VS Code

**Libraries:** pandas, NumPy, Matplotlib

**Other Software:** Microsoft Excel, Power BI, Oracle NetSuite, Salesforce
