WORK EXPERIENCE

REBECCA EVERLENE TRUST(PART-TIME)

Greenville, South Carolina USA

Data Analyst(2025-Present)

- Coordinated with program leads and volunteers via Monday.com to clarify data needs, define timelines/KPIs, and maintain a shared research and proposal tasks on track.
- Built shared Excel trackers/dashboards to visualize milestones and deliverable status, improving leadership visibility and enabling quick course corrections.

CAPGEMINI TECHNOLOGY SERVICES INDIA LIMITED

Pune, Maharashtra, India

Senior Analyst (2022 – 2025) Oncor Electric Delivery (Energy & Utilities), TitleMax (Financial Services)

- Designed and conducted data-driven experiments (A/B testing and workflow efficiency tests) to measure the operational impact of process changes, applying statistical validation (t-tests, chi-square) using R, Python and SQL to deliver evidence-based recommendations that improved accuracy and speed of decision-making.
- Developed and maintained KPI metrics and dashboards to monitor review operations, data quality, and service efficiency, translating raw SQL data into actionable insights through Power BI and DAX, enabling leadership to optimize performance and track impact over time.
- Built and validated predictive models (logistic and linear regression) to identify key factors driving business outcomes, detect anomalies in operational data, and forecast trends, supporting proactive decisions that enhanced compliance and risk mitigation.
- Developed interactive KPI suites in Power BI/Excel, standardized reporting across units for consistent performance tracking.
- Promoted collaboration by mentoring colleagues on SQL queries and Excel/Power BI reporting, enhancing team capability and knowledge-sharing culture.

ACADEMIC PROJECTS

- Designed and implemented demand forecasting models (Exponential Smoothing) that improved forecast accuracy by 18%, supporting better inventory planning decisions.
- Performed A/B testing, hypothesis testing, and logistic/linear regression in R and Python to measure campaign performance, conversion rates, and key operational outcomes.

EDUCATION

Darla Moore School of Business, University of South Carolina

Columbia, SC USA

Master of Science in Business Analytics (MSBA)- GPA (4.0 / 4.0)

May 2025

SSVPS's College, Kavayitri Bahinabai Chaudhari North Maharashtra University

Dhule, Maharashtra India

Bachelor of Engineering in Civil Engineering- GPA (3.79 / 4.0)

Nov 2020

CORE SKILLS

- **Excel:** Advanced (macros, modelling, VBA, pivot tables, array functions, power pivots, Solver)
- **Programming Languages:** Python, R, SQL, C, Java (Basic), HTML, CSS, JavaScript (Basic)
- **Application Software:** Power BI, Tableau, MS Office, SharePoint, PowerPoint, Microsoft Word, Excel (advanced), SQL Server Selenium, UFT, JIRA, qTest, Plex, Big Query
- **Certifications:** Google Data Analytics Professional Certificate, ISTQB A4Q Selenium Tester Foundation Certificate, Agile Software Development Training
