Beaverton, OR | 503.915.4106 | mahsheedmassarat@gmail.com | www.linkedin.com/in/mahsheed-massarat-61801291

PROGRAM DEVELOPMENT MANAGER | DATA ANALYST | MARKETING AND COMMUNICATIONS STRATEGIST | BUSINESS STORYTELLING

I am a versatile professional combining expertise in program development, data analysis, and marketing, with a focus on transitioning into healthcare analytics and project management. My career has been shaped by diverse roles that draw on my unique background in voice performance, physiology, and pedagogy. Building on this foundation, I earned an MBA in Healthcare Management from the Pacific University College of Business, which has equipped me with a multidisciplinary skill set spanning stakeholder engagement, strategic communications, and cross-functional leadership. My professional journey includes impactful roles such as leading rebranding initiatives and integrating data insights to drive results as a Program Development Manager at Maestro Stars Inc., as well as cultivating media relationships and managing communications strategies as a Public Relations Assistant at the San Francisco Conservatory of Music. I have a proven track record of blending creativity, data-driven decision-making, and storytelling to optimize campaigns, enhance stakeholder engagement, and boost brand visibility. Fluent in English and conversational in Farsi, with reading and translation proficiency in German, French, Italian, and Spanish. Open to relocation and currently based in Beaverton, Oregon, working hybrid/onsite with up to 25% travel. U.S. citizen.

CORE COMPETENCIES

Technical Skills: Python, SQL, IBM Cloud Watson Studio, R Studio, Jupyter Notebook, Microsoft Office, Hootsuite, and Tableau.

ACCOMPLISHMENT HIGHLIGHTS

- **Conducted data analysis for C-suite presentations and PR.** Visualized data to test engagement with specific news publishers. Utilized netnography to create newsletters highlighting achievements and established an archive.
- **Developed a PR rulebook for SFCM MarCom Department,** guiding future assistants in using platforms for effective data collection in research projects.
- **Optimized Digital Content Delivery and Distribution** by designing events pages for sfc.edu, social media, and mass emails through Constant Contact to promote the SFCM Tiny Dorm Concert Series during COVID-19.

WORK HISTORY

PROGRAM DEVELOPMENT MANAGER (PROMOTED) | Maestro Stars Inc., Santa Clara, CA- Hybrid. Aug 2020 | Present.

I lead a team integrating STEM with our award-winning performing arts program, driving our rebranding as a comprehensive K-12 interdisciplinary institution.

- **Project Management:** Design and enhance educational content and contribute to develop an educational app with lesson demos and recommendations. Successfully implemented improvements to class structure and evaluations, leading to a 20% increase in honors-level scores on the RCM Exam and a 90% student success rate.
- **Process Improvement:** Enhanced class structures and evaluations, boosting RCM Exam scores and student success rates by 20%. Streamlined online content and led the shift to virtual learning during the pandemic, retaining 60% of enrollment and improving user experience despite industry declines.
- **Marketing Research:** Collect feedback from students, parents, and educators through semesterly surveys and annual interviews to align with long-term goals. We target a 90% response rate, with 60% of focus group suggestions driving improvements in marketing strategies and program offerings.

-
- **Stakeholder Engagement & Feedback:** Achieve a 90% response rate on feedback surveys and use insights to improve teaching methods and curriculum design, resulting in a 10% increase in student satisfaction scores.
 - **Data Analysis and Reporting:** Track and analyze student progress through RCM Exam scores, academic reports, and educational app engagement data to identify weaknesses in music theory and literacy concepts. This analysis informed the introduction of targeted tutorials during the summer semester, resulting in a 15% improvement.

PUBLIC RELATIONS ASSISTANT | SFCM MarCom Department, San Francisco, California -Hybrid.

Jan 2019 | Oct 2020

Public Relations Assistant for the San Francisco Conservatory of Music's Marketing and Communications Department.

- **Content Project Management & Data Visualization:** Managed SFCM's Marketing Archives and created visualizations for the 'SFCM in the News' newsletters to track media coverage and enhance our outreach strategy. Data analysis for C-suite presentations indicated that pitches to local arts publications could yield a 50% increase in response rates, guiding us to prioritize these channels for future outreach efforts.
- **Qualitative & Quantitative Data Analysis:** Used Google Alerts and social media for marketing research with netnography, tracking mentions and features across primary news publishers to assess engagement levels.
- **Marketing Research:** Collected and visualized data for monthly newsletters to showcase staff, students, and alumni. Presented findings in C-Suite meetings to inform strategic decisions.
- **Media Relations:** Cultivated media relationships to secure coverage for SFCM events, boosting the public profile.
- **Event Promotion:** Designed event pages for sfc.edu, managed social media, and used Constant Contact for mass emails to promote the SFCM Tiny Dorm Concert Series during COVID-19, driving visibility and attendance.
- **Stakeholder Communications:** Drafted and sent updates to SFCM stakeholders, maintaining community cohesion. Developed a PR rulebook for the MarCom Department to guide future assistants in data collection and research.
