

PROFESSIONAL EXPERIENCE

FINANCIAL PLANNING ASSISTANT

Northwestern Mutual, Saginaw, MI
January 2025 – Current

- Develop and implement comprehensive financial plans for clients, focusing on tax-efficient strategies for retirement income distribution.
- Collaborate with client management teams to efficiently process client requests, such as beneficiary changes to life insurance policies.
- Utilize CRM (Customer Relationship Management) systems to manage client relationships, track interactions, and ensure timely follow-ups.
- Coordinate with other departments to streamline client service and address any client-specific needs or concerns.
- Analyze financial data to assess clients' needs and recommend appropriate investment and tax strategies for long-term financial security.

MATHEMATICS TUTOR

Saginaw Valley State University, University Center, MI
January 2022 – May 2024

- Assisted students with furthering their understanding of class material
 - Course material ranging from remedial algebra to upper-level classes, such as Differential Equations.
- Worked virtually and in person for one-on-one private lessons
- Answered, assisted, and provided insight into questions asked by students in our open tutoring area
- Utilized technology such as Discord & Microsoft Teams in order to tutor students and communicate over messages, video conferences, and email.
- Worked as a Professor's assistant in an alternative format "Beginning Algebra" class
 - Designed for students who require additional support
 - Assisted students with learning the material, working through homework questions, proctoring tests, and teaching specific sections

ANALYSIS PROJECTS

Gun Violence with Mass Shootings in America

- Python and Tableau project looked into aggregated statistics of mass shootings in America in 2024, combined 7 datasets from 2018-2024, compared 2024 to the past 6 years, and made a prediction for the final outcome of 2024 with the use of visuals.

Biodiversity in National Parks

- Python project that analyzed different species in National Parks, used aggregated statistics, chi-square hypothesis testing, and graphs to come to conclusions about species in conservation.

Bitcoin Analysis

- Excel project that analyzed the variability, upside, and spread of Bitcoin compared to S&P 500 for 2021. This project utilized many Excel tools such as PivotTables, color scales, and interactive graphs.

EDUCATION

BACHELOR OF SCIENCE IN MATHEMATICS
Minor: Psychology

Summa Cum Laude

Saginaw Valley State University, MI
May 2024

President's List: 7 Semesters
GPA: 4.0/4.0

CERTIFICATION

DATA SCIENTIST: ANALYTICS

Codecademy: Professional Certification
November 2024

TECHNOLOGY
EXPERIENCE

- **Primary Experience:**
 - CRM, Python, SQL, Tableau, Pandas, NumPy, Seabron, and Matplotlib
- **Additional Previous Coding Experience:**
 - Visual Basic, C#, LaTeX, and R
- **Microsoft:**
 - Excel, Word, PowerPoint, Outlook, and Teams
- **Google:**
 - Slides, Docs, Sheets, and Gmail

EDUCATIONAL ACTIVITIES

COMAP's Mathematical Contest in Modeling (2024)

- Collaborated with a team, conducting research and creating a mathematical model to approximate the ratio of male lampreys based on the amount of nutrients present in the body of water they lived in.

2023 Michigan Autumn Take-Home Math Challenge

- Competed in a team with 2 other SVSU students where we had 3 hours to tackle 10 difficult mathematic questions.
- Placed 14th out of 28 teams (3rd place out of the 8 teams from Michigan's public universities).

2024 Lower Michigan Mathematics Competition

- Competed in a team with 2 other SVSU students at Hope College. We had 3 hours to tackle 10 difficult mathematic questions.
- Placed 11th out of 17 teams.

SVSU Math Club Member (Winter 2024)

- Students learn about interesting mathematical concepts and phenomena as well as trying to figure out solutions to interesting problems.

MATHEMATICAL FIELDWORK OBSERVATIONS AND TEACHING EXPERIENCE

6TH AND 7TH (AND HONORS) GRADE MATHEMATICS

Christa McAuliffe Middle School, Bay City, MI

February 2023 – March 2023

- Taught multiple lessons focusing on 6th grade geometry, 7th grade percent increase/decrease, and markup and markdowns.
- Gained experience with using Google Classroom and how to incorporate it into classroom use.
- Proctored tests for groups of students in 6th and 7th grade.

7TH (AND HONORS) GRADE MATHEMATICS

Cramer Junior High School, Essexville, MI

October 2023 – December 2023

- Created engaging lessons, designed lesson plans, and presented the material to students.
- Led class discussions and instruction with students during lessons.
- Proctored tests.

UNIT AND LESSON PLANS: [Click Here](#)

ADDITIONAL WORK EXPERIENCE

CUSTOMER SERVICE ASSOCIATE

Meijer, Bay City, Michigan

July 2018 – December 2024

- Worked cooperatively with a diverse group of employees, leading in different departments throughout the store
- Successfully attended to customer's needs and provided customers with helpful service.
 - Performed these duties during very busy and chaotic situations, such as Black Friday & holiday sales, as well as the COVID lockdown of 2020.

HONORS AND AWARDS

RANK, GRADUATED SUMMA CUM LAUDE, SVSU

Winter 2024

- Student graduates with a GPA in the range of 3.80-4.00

RECIPIENT, HAMZA AHMAD MEMORIAL SCHOLARSHIP, SVSU

Fall 2022 – Winter 2023

- Students with a 3.5 average or above in their math classes.

RECIPIENT, PRESIDENT'S LIST, SVSU

Fall 2021 – Fall 2023

- Students who receive a 4.0 grade point average while taking at least 12 credits.

RECIPIENT, PRESIDENT'S/VICE PRESIDENT'S LIST, DELTA COLLEGE

Fall 2019 – Winter 2021

- Students who receive a 3.7-4.0 grade point average.

RECIPIENT, PERFECT ATTENDANCE FOR 2019, MEIJER

Fall 2019 – Winter 2020

- Worked every day with a perfect record and no sick calls for a year.

SKILLS

- Problem solving
- Critical Thinking
- Interpersonal Communication
- Collaboration
- Creativity
- Organization
- Remote and Virtual Experience
- Leadership
- Works well Cooperatively and Competitively

RELEVANT COURSEWORK

- Calculus 1-3
- Complex Analysis
- Real Analysis
- Applied Probability & Statistics
