Summary

Innovative Senior Data Analyst with over 34 years of experience specializing in complex data interrogation and harmonization across high-stakes environments. Proven expertise in using SQL and data profiling to transform fragmented core-system transactional data into scalable, model-ready features for predictive analytics. Expert at navigating Guidewire PolicyCenter and Guidewire ClaimCenter frameworks to architect high-integrity dataset constructions that drive industry-leading insights.

Work Experience

Certified Breastfeeding Counselor

February 2024 – Present

HEAVENSENT BREASTFEEDING, REMOTE

- Interrogate specific physiological data points to provide expert consultation, ensuring all recommendations are backed by current nutritional research and statistical analysis.
- Maintain high-quality data records and perform data profiling on patient progress to harmonize nutritional plans with clinical anatomy standards.

Research Analyst

August 1991 – September 2025

FBI, WINCHESTER, VA

- Interrogated massive multi-source datasets utilizing dual-monitor database interfaces to profile anomalies and identify predictive patterns, leveraging SQL-based logic for data harmonization.
- Architected comprehensive dataset constructions from raw core-system transactional data, bridging the gap between fragmented information and model-ready features for executive reporting.
- Harmonized diverse database configurations to mitigate data fragmentation, ensuring consistent feature engineering across multiple P&C (Public and Civil) lines of intelligence business.
- Researched and implemented data modeling standards equivalent to DBT methodologies to automate the transformation of raw data into high-value predictive analytics datasets.

Retail Sales Associate

2014 – 2016

ROSS, WINCHESTER, VA

- Processed high-volume transactional data via POS systems, maintaining 100% accuracy in data collection and financial reporting.
- Optimized workflow processes for inventory logistics, ensuring seamless data harmonization between physical stock and digital database records.

Education

Certification in Counseling

2023 – Present

INTERNATIONAL DOULA INSTITUTE, REMOTE

Nutrition, Biology and Statistics

CENTRAL CHRISTIAN COLLEGE OF KANSAS, MCPHERSON

High school diploma or GED
