PROJECTS

Personal Project | Spotify Extended Streaming History

February 2024

- Analyzed 10+ years of personal Spotify streaming data with Excel and SQL, identifying top 5 artists, albums, and songs, providing insights that guided playlist recommendations
- Utilized Tableau to visualize and highlight 3 streaming trends discovered through initial analysis of Spotify data, which contributed insights on personal listening behavior

COOP Careers Capstone Project | Three49 Analytics

December 2023

- Proposed 3 recommendations for target audience personas, best ad sizes, and markets to exclude based on analysis of company datasets to help guide company budget re-allocation
- Managed a team of 7, coordinating timelines and deliverables to complete the project ahead of schedule while meeting stakeholder expectations

COOP Careers Project | New York City Evictions Analysis

October 2023

- Presented 6 recommendations for small businesses and residential housing solutions based on in-depth examination of New York City eviction data using Excel
- Designed 5 unique dashboards through Tableau to summarize and highlight key data findings, improving data accessibility and decision-making for stakeholders

PROFESSIONAL EXPERIENCE

Major League Baseball

February 2024 - Present

Replay Data Administrator - New York, NY

- Monitor up to 15 concurrent live games alongside a team of four, documenting 150+ data points from replay reviews for nightly data summaries of the Replay Operations Center
- Collaborate with media team to generate 200+ video links per month of replay reviews and other notable events for umpire training and evaluations, injury tracking, and security concerns
- Engage in comprehensive system of data checks, which reduces errors in data collection by 12%, thereby improving the accuracy and reliability of all recorded game data

Gutman, Mintz, Baker, & Sonnenfeldt, LLP

February 2022 - February 2024

Legal Administrative Assistant - New Hyde Park, NY

- Prepared 60+ legal notices weekly, ensuring precise tenant identification through a thorough analysis of tenant documentation, which reduced errors in legal notices by 15%
- Saved 6 hours of work per week by creating Excel spreadsheets on case files, which optimized department organization and streamlined the preparation process of legal notices
- Corresponded consistently with clients and attorneys, reaching a 93% accuracy rate in case status updates, thereby ensuring timely legal claims against tenants

Community Counseling & Mediation

October 2020 - October 2021

Mental Health Counselor - New York, NY

- Maintained a caseload of over 25 clients, conducting regular psychotherapy sessions aimed at improving mental health and overall well-being
- Implemented CBT-based tools and weekly goal-setting strategies, achieving a 95% improvement in client outcomes, enhancing clients' coping mechanisms and mental resilience
- Attained a 90% client retention rate by developing and executing individualized treatment plans through collaborative, client-centered therapy, fostering trust and sustained progress

SKILLS & CERTIFICATIONS

Data Analysis & Visualization: Tableau, SQL, Google Suite, Python, Canva, Microsoft Office Suite, Adobe Creative Cloud

Certifications: Google Business Intelligence Certificate (2024), Google Data Analytics Certificate (2022)
