SUMMARY

M.S. Data Science graduate with a strong foundation in communication and a proven track record in the financial services and mortgage industries. Proficient in leveraging Python, R, and SQL to solve complex analytical problems. Passionate about using data-driven insights to enhance business performance and support innovation.

EDUCATION

Eastern University <i>M.S., Data Science</i>	Jan 2024 - Dec 2024
Syracuse University <i>B.S., Broadcast Journalism</i>	Aug 1995 - May 1998

SKILLS

- **Programming & Data Analysis:** Python, R, SQL, Pandas, NumPy
- **Machine Learning Tools:** Scikit-Learn, TensorFlow, Keras, Supervised Learning, Hyperparameter Tuning
- **Visualization & Business Intelligence:** Matplotlib, Seaborn, ggplot2, Tableau
- **Development Tools:** Jupyter Notebook, RStudio, VS Code
- **Office Applications:** Word, Excel, PowerPoint
- **Financial Systems:** FiServ, Encompass, Clarity

EMPLOYMENT

Atria <i>Financial Services Processor</i> • Analyze critical financial data to optimize business operations and consistently meet key deadlines. • Managed accurate fund transfers between brokerage accounts while ensuring full regulatory compliance through detailed data tracking. • Reviewed and transmitted forms with precision through effective data entry, upholding industry standards. • Collaborated via Slack with remote teams to ensure streamlined workflow management and effective communication. • Ensure timely completion of year-end financial tasks and tax season requirements	Dec 2024 - Present <i>Syracuse, NY</i>
SitusAMC <i>Title/Mortgage Legacy Analyst</i> • Examined documents rigorously to identify discrepancies and support stringent regulatory requirements. • Maintained exceptional accuracy in compliance reviews, consistently surpassing established performance benchmarks. • Coordinated with the Help Desk team to promptly diagnose and resolve IT issues, minimizing operational downtime. • Supported key initiatives, including the Bank of America PPP loan program during the COVID-19 pandemic. • Conducted detailed examinations of HUD-1 forms, property appraisals, loan applications, and credit reports to verify compliance. • Scrutinized title documents to detect and resolve liens, bankruptcies, or judgments, upholding data integrity and regulatory adherence.	Mar 2017 - Jun 2024 <i>Remote</i>
NVR, INC <i>Compliance Specialist</i> • Instrumental in elevating the Syracuse branch to the pinnacle of Quality Control excellence within NVR, Inc. • Collaborated closely with the supervisor to detect, investigate, and rectify compliance discrepancies. • Served as the primary point of contact while fostering strong relationships with appraisers and tax transcript companies. • Exhibited strong communication skills in addressing customer inquiries regarding appraisals. • Executed daily reviews of loan portfolios to assure strict adherence to federal regulatory standards. • Actively participated in corporate meetings to proactively identify and address compliance issues affecting multiple branches.	Dec 2012 - Jan 2017 <i>Syracuse, NY</i>
Alliance Bank <i>Mortgage Processor and Closer</i> • Authenticated that all files were accurate and complete while working efficiently to provide underwriting with documentation. • Provided ongoing support to team members to ensure the timely, judicious, and accurate processing of mortgages. • Verified income, credit reports, employment histories, and property appraisals. • Effectively collaborated with title companies to minimize closing delays.	Mar 2007 - Dec 2012 <i>Syracuse, NY</i>
WSYR, NewsChannel 9 <i>Television News Producer</i> • Spearheaded the planning and execution of daily news broadcasts, ensuring timely and accurate coverage of breaking news stories. • Developed compelling story ideas and pitches, collaborating with journalists to produce engaging and informative segments. • Managed production staff, providing guidance and support to guarantee seamless coordination and high-quality output. • Created promotional materials for late night newscast.	Aug 1999 - Mar 2007 <i>Syracuse, NY</i>

PROJECTS

Data Fundamentals

IBM SkillsBuild

- Developed knowledge in AI concepts such as NLP, deep learning, and neural networks through hands-on IBM Watson Studio exercises
- Acquired a conceptual understanding of running AI models using IBM Watson Studio, enhancing practical AI implementation skills.
- Explored the job outlook and essential skills for success in AI-related roles, aligning expertise with industry demands.

Accenture North America Data Analytics & Visualization Job Simulation

Forage

- Completed a simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture.
- Cleaned, modeled and analyzed datasets to uncover insights into content trends to inform strategic decisions.
- Developed and delivered a PowerPoint deck and video presentation to communicate key insights to both clients and internal stakeholders.

JPMorgan Chase & Co. Quantitative Research Virtual Experience Program

Forage

- Completed a simulation focused on quantitative research methods.
- Analyzed a book of loans to estimate a customer's probability of default.
- Used dynamic programming to convert FICO scores into categorical data to predict defaults.

Verizon Cloud Platform Job Simulation

Forage

- Completed a job simulation involving building a hypothetical new VPN product for Verizon's Cloud Computing team.
- Used command line Python to test whether Verizon's VPN met the cloud-native traits, i.e. redundancy, resiliency and least-privilege.
- Researched approaches to achieve application security and communicated insights in a PowerPoint Presentation.
