Provinzstraße 105, 13409, Berlin | +49 15225686750 | naddynadeem01@gmail.com | [linkedin/in/nadeem-mateen](https://www.linkedin.com/in/nadeem-mateen)

PROFILE SUMMARY

Performance-driven **Senior Backend Developer** with over **6 years of experience** in Object -Oriented **PHP** and the **Laravel** ecosystem. Specialized in architecting **scalable, secure**, and maintainable web applications for high-traffic environments. Expert in Clean Code principles, **Test -Driven Development** (TDD) and OWASP security standards.

CORE SKILLS

Backend & APIs: PHP , Laravel, Symfony, REST APIs, GraphQL, Microservices, PHPUnit(Automated Testing).

Frontend Development: React.js, Vue.js, JavaScript (ES6+), Tailwind CSS, Blade, Twig

Architecture & Methodology: Event -Driven, SOLID Principles, Indexing, AWS, Docker, CI/CD Pipelines

Data & Infrastructure: MySQL, MongoDB, Redis (Caching/Queues), Kubernetes, Elasticsearch

Collaboration Tools: Git, Agile/Scrum, Jira, Observability (Kibana, Logging, Tracing), AI-assisted tools

PROFESSIONAL EXPERIENCE

EVOLVEX TECHNOLOGY CO. LLC - Berlin

SENIOR BACKEND DEVELOPER - Dec 2023 - CURRENT

- Architected and optimized high-concurrency **Laravel 11 APIs** handling **5,000+ requests** per minute, improving response latency by **40%**.
 - Engineered **scalable software** using **TDD** and **Clean Architecture**, ensuring 99.9% high availability and adherence to strict security protocols for payment lifecycles.
 - Integrated **AI-driven Multilingual** and **currency features**, boosting engagement and conversions by **25%**.
 - Orchestrated containerized **microservices** on **AWS** using **Docker** and **Kubernetes**, streamlining **CI/CD pipelines** and server **load testing** for consistent high performance under **heavy loads**.
 - Collaborated **cross-functionally** to design **scalable architecture** and support continuous delivery.
-

INDEX HOLDING - Dubai, UAE

FULLSTACK DEVELOPER - Jul 2021 - Nov 2023

- Architected a **B2B marketplace** using **Laravel** and **REST modules**, enhancing security standards and **payment** workflow efficiency by **20%**.
 - Developed **modular backend architectures** that reduced feature deployment cycles by **30%**, focusing on code reusability and clear technical documentation.
 - Built **event-driven** notification engines with **Redis**, to improve user interaction and system responsiveness.
-

CHERRY BYTE TECHNOLOGIES - Lahore, Pakistan

BACKEND DEVELOPER - Jan 2019 – Jun 2021

- Developed a **next-gen HRMS** platform for **100+** international clients using **Laravel** and **Vue.js**, focusing on automating complex payroll and reporting logic.
 - Improved site **reliability** and operational efficiency by **30%** through automated analytics integration and reusable **middleware components**.
-

EDUCATION

Bachelor of Science in Software Engineering(**BSSE**) | COMSATS University Islamabad, Pakistan | 2015 – 2019
