

Veera Venkata Sairam Prathap Kurra

Full-stack Java Developer

Email: prathapkurra@gmail.com [LinkedIn: LinkedIn/In/Sairam](#) Mobile: +19012898301 Place: United States

SUMMARY

Software Developer with over 3 years of experience in Java, SQL, and web technologies. Proficient in building high-quality, scalable code and enhancing software products. Strong analytical and design skills, with a solid understanding of Agile methodologies and version control with Git. Passionate about JavaScript and modern UI frameworks like AngularJS and ReactJS. Experienced in using development tools such as IDEs, debuggers, build tools, and Unix system administration.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python
- **Web Technologies:** HTML, CSS, JavaScript
- **Java Frameworks:** Spring, Hibernate, MVC, J2EE, Spring Boot
- **Frontend Frameworks:** AngularJS, ReactJS, Node.js, WordPress
- **Databases:** MySQL, MongoDB
- **Web Services:** REST, Web Services
- **Testing Frameworks:** JUnit, Mockito
- **Cloud Services:** AWS
- **DevOps Tools:** Docker, Jenkins
- **Methodologies & Tools:** Agile, Scrum, Jira
- **Development Tools:** IDEs, debuggers, Build tools, Profilers, Unix system administration
- **Data Formats & Version Control Systems:** JSON, XML, Unix, Linux, Git, GitLab
- **Analytical and Design Skills:** Data structures, Algorithms, Object-Oriented design, Design patterns
- **Message Queues & Microservices:** Microservices, SOAP

PROFESSIONAL EXPERIENCE:

Kriti Infosystems

Software Engineer

August 2023 – Present Memphis, TN

- Developed and tested small-scale software applications, exhibiting proficiency in Java, contributing to a 30% growth in project accomplishment rate.
- Acquired familiarity with Agile methodologies, participating in sprint planning and daily stand-up meetings, enhancing team collaboration and efficiency by 25%.
- Subsidized to code version control using Git, ensuring project continuity and facilitating seamless collaboration among team members.
- Engaged in continuous learning and applied acquired programming skills to deliver solutions aligned with industry standards and best practices.

Microspark Private Limited

Associate Software Engineer

July 2020 – December 2021 Hyderabad, India

- Applied Java programming language to design and develop software applications, resulting in a 25% increase in project efficiency.
- Implemented web development technologies including HTML, CSS, and JavaScript to create responsive and user-friendly interfaces, leading improvement in user satisfaction metrics.
- Leveraged SQL database technologies to optimize data storage and retrieval processes, reducing query execution time.
- Conducted rigorous unit testing, identifying and rectifying bugs, resulting in a 15% decrease in post-release defects.

PERSONAL PROJECTS:

Healthcare Management System

January 2023 – May 2023

- Established Healthcare Management System (HMS) using Java, Spring Boot, and MongoDB, ensuring data security and integrity, resulting in a 20% improvement in system efficiency.
- Integrated AngularJS and HTML/CSS to create user-friendly interfaces, enhancing user experience and satisfaction metrics.
- Employed data analytics techniques with Tableau for generating insights from healthcare data, leading to a 30% increase in data-driven decision-making.
- Demonstrated proficiency in database architecture and information security protocols, ensuring compliance with industry standards and regulations.

EDUCATION

Master of Science in Information Systems

University of Memphis, Memphis, TN January 2022 – December 2023

Bachelor of Technology in Civil Engineering

Amrita Vishwa Vidyapeetham July 2016 – June 2020
