EXPERIENCE

Business Analyst, Deloitte

Feb 2024 – present | Remote, USA

- Conducted data analysis using SQL, Excel, and SAS to identify trends, patterns, and insights, supporting strategic decision-making and process optimization.
- Conducted root cause analysis and developed solutions to optimize business operations, achieving cost savings and productivity gains for clients.
- Designed interactive dashboards in Tableau and Power BI to provide stakeholders with real-time insights into key performance metrics and operational data.
- Actively participated in Agile ceremonies, including sprint planning, daily stand-ups, sprint reviews, and retrospectives, to promote continuous improvement and agile project delivery.
- Collaborated with UI/UX designers to create intuitive wireframes, prototypes, and mock-ups using Figma to enhance user experience and usability of web and mobile applications.

Business Analyst, Cognizant Technology Solutions

Jun 2020 – Jul 2022 | Hyderabad, India

- Conducted workshops, interviews, and stakeholder meetings to gather and document business requirements, creating detailed Business Requirement Documents (BRDs) and Functional Requirement Documents (FRDs).
- Analyzed and translated business needs into technical specifications, bridging the gap between stakeholders and development teams.
- Created process flow diagrams, use case diagrams, and activity diagrams using Microsoft Visio and Lucidchart to visualize business processes and identify areas for improvement.
- Developed interactive dashboards and reports using Tableau and Power BI, enabling stakeholders to track key performance indicators (KPIs) and make data-driven decisions.
- Documented user stories, acceptance criteria, and use cases in JIRA to effectively manage project backlogs and ensure alignment with business objectives.
- Developed comprehensive test plans, test cases, and test scripts for User Acceptance Testing (UAT) to ensure the delivery of high-quality solutions.
- Managed project tasks using Scrum and Kanban boards in JIRA, facilitating efficient sprint planning, task prioritization, and continuous delivery.

EDUCATION

Indiana Institute of Technology

Master of Business Administration; Major in Business Analytics

September 2022 – December 2023

Fort Wayne, USA
