SUMMARY

- 4 years of experience as a Java Full Stack developer proficient in Git, AWS Solutions Architecture, React, Node.JS and Java.
- Skilled at utilizing Java-based frameworks and technologies (Java EE, ORM) to create backend services and APIs.
- Skilled in creating interactive user interfaces using frontend technologies and frameworks (Angular, React). HTML5, CSS3, and JavaScript for building responsive web applications.
- Integration with NoSQL databases like MongoDB and DynamoDB and relational databases like MySQL, PostgreSQL, or Oracle.
- Engage in active team building by exchanging ideas, keeping lines of communication open, and helping teammates to reach project completion.
- Experience in database programming using Oracle 11g/12c, SQL Server, DB2, MySQL and proficiency in developing SQL in JDBC as well as client-side environments.

PROFESSIONAL EXPERIENCE

Full Stack Developer, HCSC

Jul 2023-Present

- Expertise through all parts of software development life cycle (SDLC) in developing web applications using Java, J2EE, Web services, SOAP, RESTful etc.
- Developed front-end for application using HTML5, CSS, SCSS, Java Script, Bootstrap and Angular 8 frameworks and forms to associate **HTML** elements to model on the client side.
- Created typescript reusable components and services to consume **REST API's** using component-based architecture provided by **Angular**.
- Developed RESTful Web Services with **Spring Boot**, utilized Rest Template, and ensured data persistence via **Hibernate** and **Spring Framework**.
- Used **AWS** cloud services to provision safe and highly scalable including **EC2**, **Auto-Scaling**, and **VPC**.
- Involved in **Stored Procedures**, **User Defined functions**, **Views** and implemented the Error handling in the Stored procedures and SQL objects.

Java Developer, Capgemini

Jan 2021-Dec 2021

- Implemented modules using **Core Java API's**, **Java collections**, **multi-threading** and **object-oriented designs**.
- Involved in developing components on Reporting Dashboard with **Spring MVC**, **Spring Boot**, **Spring Framework** and **Hibernate**.
- Experience on **AWS Deploying**, managing, operating scalable, highly available, managed continuous delivery systems and methodologies on **AWS**.
- Implemented ingestion services to connect to **RDBMS** using Kafka producer API's/Kafka connect.
- Implemented **CI/CD** pipelines using **Jenkins** and extensively worked for End-to-End automation for all build and deployments.
- Used **Jira** for Project management. Epics, tasks and subtasks are created to track progress.

Software Engineer, Sheorey Digital Systems

April 2019 –Jan 2021

- Worked on developing new modules, enhancements, change requests, production support and postproduction release activities.
- Implemented the online application by using Core Java, Multithreading, JDBC, JSP, Servlets, Web Services.
- Involved in creating and extracting data from database using **SQL** Queries, PL/SQL stored procedures, triggers and packages on Oracle database.
- Experience with Data structures & Algorithms like Stack, Queue, Linked list, Linear-search, Bubble-sort and binary-search algorithms.
- Utilized **JDBC** for Data Access Objects, accessing Oracle database. Employed **JIRA** for tracking and **GIT** for version control.
- Involved in developing test procedures for unit testing and testing of the module.

EDUCATION

Masters: Computer Science- University of Missouri-Kansas City	Jan 2022-May 2023
Bachelors: Computer Science-Sathyabama University	Aug 2015-May 2019

SKILLS

Programming: C, C++, Python, Java, React, Angular, GO

Operating System: Windows XP/Vista/7, Unix, Linux

Database Severs: Oracle, PostgreSQL, MySQL

Cloud Environments: AWS

Software Developments: Waterfall Model, Agile, Scrum

Frontend Technologies: HTML, XML, Java Script v1.8, CSS, AngularJS2, NodeJS, ReactJS

Tools: Eclipse IDE, Visual Studio, Android Studio, Jenkins, Sonar

CERTIFICATION

- **AWS Certified – Solutions Architect** Associate.
- Certified **Oracle Cloud Data Management** Foundations Associate.
- Certified **Oracle Cloud Infrastructure** Foundations Associate.
