

RAASHMI RAWAL, LL.M., CHPE

• M: 517-240-2350 • rashmirawal73@gmail.com • LinkedIn: raashmirawal

Certified HIPAA Privacy Expert and Certified Cybersecurity Awareness Professional with an LL.M. in Compliance and a comprehensive background in privacy management, regulatory adherence, and legal research. Demonstrated success in conducting privacy investigations, managing ePHI, and implementing corrective action plans to resolve complex compliance issues. Known for building cross-functional alliances and leading process improvement initiatives that optimize privacy workflows and strengthen institutional safeguards. Adept in navigating HIPAA, FERPA, and public records laws, developing and delivering privacy training, and mitigating privacy risks through strategic policy development and risk assessments. Committed to advancing organizational integrity, protecting confidential information, and fostering a culture of privacy excellence.

PROFESSIONAL EXPERIENCE

Public Record Compliance Specialist

August 2024 – Present

The Ohio State University | *Columbus, OH*

- **Cross-Department Collaboration:** Partnered with Legal, Communications, HR and Privacy teams across the University and Medical Center to ensure timely and accurate compilation of responsive records through reliable communication, enhancing relationships with the public and media.
- **Data Confidentiality Management:** Protected stakeholder trust and privacy by overseeing the accurate redactions of Personally Identifiable Information (PII) and Protected Health Information (PHI) in alignment with FERPA, HIPAA, state public records laws, and the Sunshine Law, upholding compliance and fostering trust by safeguarding sensitive information.
- **Protection of Sensitive Information:** Performed precise redactions of sensitive content in police reports and body worn cameras, ensuring victim confidentiality by adhering to strict protocols in accordance with Marsy's Law, while balancing public access rights and maintaining transparency.
- **Training Program Creation:** Developed and delivered impactful training programs, significantly enhancing staff proficiency in public records law and improving the efficiency of public records request processing.
- **Process Improvement & System Modernization:** Revamped legacy public records processes by implementing a streamlined tracking system, significantly improving request turnaround time, promoting staff accountability, and enabling more efficient monitoring and reporting.

Patient Access Coordinator

July 2019 – August 2024

The Ohio State University Wexner Medical Center | *Columbus, OH*

- Successfully maintained compliance with healthcare regulations and standards across diverse departments, including Radiology, Nutrition, Telehealth Immediate Care, Urogynecology, Maternal Fetal Medicine, Urology, and Plastic Surgery.
- Identified and reported compliance violations, actively participating in HIPAA SWAT rounds to uphold stringent healthcare privacy and security standards.
- Led follow-up meetings with clinical staff to address regulatory issues, ensuring timely implementation and thorough documentation of corrective actions.
- Collaborated with clinic management to develop and execute action plans, effectively closing compliance gaps and maintaining comprehensive records of progress and resolutions.
- Trained and mentored eight new hires on privacy standards and best practices, significantly reducing onboarding time and ensuring their swift integration into roles.

- Conducted in-depth legal research using LexisNexis, ensuring strict adherence to Michigan family court statutes and procedural rules, thereby guaranteeing all case arguments and evidence met state-specific legal standards.
- Produced and meticulously reviewed legal documents, including pleadings, motions, briefs, and discovery requests, ensuring compliance with Michigan court rules and formatting requirements.
- Authored legal orders and subpoenas to secure third-party information, prioritizing confidentiality, and compliance with legal mandates to protect sensitive information during the discovery phase.
- Coordinated witness preparation and crafted detailed investigation reports for approximately 50 hearings, maintaining ethical standards and procedural rigor to enhance the credibility and impact of witness testimony.
- Ensured regulatory compliance by staying updated on relevant laws and regulations, implementing necessary changes to internal processes, and conducting regular audits to maintain adherence to legal standards.
- Reported directly to the judge at all court appearances and maintained diplomacy and professionalism with all data and filing requirements with utmost confidentiality contributing to the success and impartial ruling.

Operations Manager***January 2005 – January 2010***British Petroleum | *Albion, MI*

- Spearheaded the development and implementation of procedures, ensuring strict adherence to state regulations governing petroleum operations, and compliance with environmental, safety, and licensing requirements.
- Ensured compliance with state laws and regulatory standards for fuel quality and pricing, achieving a flawless record of zero violations in environmental law, workplace safety, consumer complaints, and business regulations over a five-year period: with an outcome resulting in a 100% increase in sales in the first year and maintaining an average annual growth of 25%.
- Promoted a legally compliant and supportive work environment by upholding small business regulations, labor laws, and fair employment practices.
- Ensured uninterrupted and lawful business operations by maintaining up-to-date permit renewals and diligently monitoring deadlines and regulatory changes.

PROJECTS**Legal Research and Writing Project*****May 2024***Moritz College of Law | *The Ohio State University*

- Independently conducted comprehensive legal research, employing advanced methodologies to draft contracts and agreements that adhere to current employment laws and regulations.
- Translated complex legal concepts into clear, precise language, enhancing legal writing skills and ensuring contracts and agreements are tailored to specific case requirements.
- Simplified legal concepts in written resolutions, ensuring clarity and persuasiveness in all communications.
