EDUCATION

PURDUE UNIVERSITY

West Lafayette, IN

Bachelor of Science

Aug 2021 - May 2025

Major in Computer Science; Minor in Korean Studies; Certificate in Data Science

Relevant Coursework: Software Engineering; Operating Systems; Data Structures & Algorithms; Object-Oriented

Programming; Software Testing; Databases

WORK EXPERIENCE

ACTIVECAMPAIGN

Chicago, IL

Software Engineer Intern

Jun 2024 - Sep 2024

- Built and deployed a suspicious upgrade detection tool for the internal service using PHP, Python, React, MySQL, DynamoDB, and Rest APIs, allowing efficient logging of excessive client upgrades on the main platform.
- Automated the monitoring process, achieving 98% accuracy, improving fraudulent detection capabilities by 80%.

PROJECTS

SENTIMENT ANALYSIS WEBSITE | [Link](#)

Hello World Hackathon | Sep 2021

- Teamed up with three developers to implement a Python-based sentiment analysis website designed to analyze emotions in user-generated text and provide a visual representation of the results.

APARTMENT LISTING WEBSITE | [Link](#)

CS307: Software Engineering | Oct 2023

- Collaborated with five teammates to develop an apartment listing website using MERN stack, improving the convenience of housing and roommate searches for college students.
- Led the frontend team in designing and developing an intuitive interface, enhancing user experience and receiving recognition from Professor Turkstra for UI design quality.

HOLE IN THE WALL GAME | [Link](#)

Senior Project | Jan 2025

- Collaborated within an Agile, cross-functional team to develop an interactive iOS game powered by PosetNet motion tracking, delivering an engaging full-body gameplay experience using Swift, JavaScript, and PostgreSQL.
- Led the project as the team's Scrum Master, facilitating meetings, managing project tasks, and assigning responsibilities to ensure efficiency and timely delivery of project milestones.

ACTIVITIES

HACKATHON

West Lafayette, IN

Mentor

Sep 2022, Sep 2023

- Guided over 200 participants and worked with other mentors to organize and coordinate the event to give participants the best Hackathon experience.

COMPUTER SCIENCE UNDERGRADUATE STUDENT BOARD

West Lafayette, IN

Teaching Assistant

Sep 2023 - May 2025

- Led a free help room with other teaching assistants, assisting computer science students in troubleshooting coding challenges and understanding data structures across various introductory courses.

ADDITIONAL

Technical Skills: Java, JavaScript, PHP, Python, HTML/CSS, React, Swift, C/C++, R, Typescript, Docker, Flask, Git, Linux, MongoDB, MySQL, PostgreSQL, REST APIs, Unix, Figma, Photoshop.

Languages: Fluent in Vietnamese, English; Intermediate Proficiency in Korean (Korean TOPIK-II 3)
