(857) 376-7678 | paila.s@northeastern.edu | [LinkedIn](#)

SUMMARY

Dynamic AI-driven **Project Manager** and **Business Analyst** with over **3.5** years of experience leading complex technical projects, utilizing Agile methodologies to achieve strategic outcomes. Certified **CAPM** and **CSM**, skilled in leading cross-functional teams to optimize project delivery, streamline operations, and drive process improvements using MS Project, Jira, Tableau, and Power BI. Holds a master's in Project Management and Data Analytics with expertise in agile practices, stakeholder management, and a proven track record of driving high-impact initiatives across diverse industries.

PROFESSIONAL EXPERIENCE

DRP | Technical Project Manager and Analyst - Washington, DC

Jan 2024 - Aug 2024

- Managed end-to-end website development and rebranding to align with strategic goals, ensuring seamless project execution from initiation to closure.
- Developed a PMI-based risk management playbook for **data migration** and **Power BI KPI dashboards** for real-time visibility, leading to a **47%** boost in project funding.
- Built a Smartsheet capacity planning tool for product launch, balancing departmental workloads, and enhanced vendor relations by negotiating **SLAs** and tracking adherence metrics.
- Led an **Agile** transformation for the engineering team using **Scrum**, optimizing delivery speed and reducing sprint bottlenecks through **Jira** and **Confluence**.

Pfizer Inc. | Business Analyst

Jul 2021 - Dec 2022

- Designed **FDA-compliant** Tableau dashboards to monitor trial metrics, enabling data-driven insights aligned with regulatory requirements in clinical trials.
- Facilitated **requirements sessions** with clinical, IT, and regulatory teams, translating complex needs into actionable analytics for trial reporting.
- Developed and led **UAT** for clinical reporting systems, validating features to ensure regulatory compliance and enhance analytic functionality.
- Authored **business cases** for data projects on Pfizer's DTC eCommerce platforms (Pfizerforall and Pfizerprime), conducting cost-benefit and real-time user behavior analyses to drive improvements in high-traffic operations.

Infosys Limited | Business Intelligence Analyst

Jan 2021 - Jun 2021

- Conducted **comprehensive analysis** of healthcare datasets using Python and R, identifying market trends and conducting segmentation to support strategic initiatives.
- Built **Power BI dashboards** to enhance the decision-making process, revealing actionable insights that informed growth strategies.
- Led **data preparation** and **transformation** to ensure high data quality for accurate, timely reporting empowering executives with meaningful insights.

AIIESEC Denmark | Project Manager and Market Strategist - Remote

Jul 2019 - Dec 2020

- Led **product strategy** for the Exchange Program to align with UN SDGs, supporting over **2,000+** participants and increasing engagement by **20%** through targeted alignment of program goals with stakeholders.
- Built alliances with **Coca-Cola** and the **United Nations**, enhancing brand credibility and expanding partnership opportunities to strengthen program visibility and impact.
- Implemented **Agile practices** with cross-functional teams, using Scrum to optimize **sprints**, **backlog** refinement, and daily **stand-ups** for improved project efficiency.
- Created real-time market data dashboards for data-driven marketing strategies and proactive project adjustments, while using Asana's **resource leveling** and **critical path analysis** to manage concurrent projects effectively.

PUBLICATIONS

Published Shell-Net: A robust deep neural network for the joint segmentation of retinal fragments in *Wiley's International Journal* to aid in the early detection critical eye diseases. <https://doi.org/10.1002/ima.22962>

EDUCATION

Master of Science in Project Management and Data Analytics, GPA: (3.8/4.0)

Jan 2023 - Dec 2024

Northeastern University, Boston

Concentrations: Agile Project Management and Business Analysis

Relevant Coursework: Project Scheduling & Cost Planning, Risk, Quality, Stakeholder & Scope Management, Probability & Statistics, Data Visualization, Data Mining, Agile Lean Product Development, Leading Technical Projects, Machine Learning, Big Data & Cloud, Strategy and Financial Analysis.

Bachelor of Technology in Computer Science and Engineering, GPA: (3.7/4)

Aug 2017 - Jun 2021

Gayatri Vidya Parishad College of Engineering (A), Visakhapatnam

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Software Engineering, Web Technologies, Artificial Intelligence & Machine Learning

SKILLS

PM Tools: MS Project, Jira, Confluence, Asana, MS Office Suite, Smartsheet, SAP, SharePoint Confluence, Trello, monday.com

BI, ETL & AI Tools: Tableau, Power BI, RStudio, Salesforce, Google Analytics, TensorFlow, scikit-learn, PyTorch

Languages, Web, DB and Cloud: Python, R, C++, ReactJS, NodeJS, Azure, AWS, MySQL, MongoDB, OLAP (Snowflake, Redshift)

PM & BI Skills: KPI Tracking, OKRs, EVM, Cost Forecasting, Resource Planning, Risk Assessment, Quality Assurance, Six Sigma, CRM, Data Modeling & Mapping, ERP, Problem Solving, Conflict Resolution, Critical Thinking

PROJECTS

AI-Driven Project Optimizer: Resource Allocation & Risk Management System - Boston

Sep 2024 – Dec 2024

- Engineered AI model with Python and TensorFlow to optimize **resource allocation** using Linear Programming, enhancing utilization and streamlining workflows.
- Developed a **predictive project risk management model** with Random Forest and Logistic Regression, utilizing Python and TensorFlow, and integrated it with Power BI for real-time insights, minimizing **delays**.

Shell-Net: A Robust DNN for Joint Segmentation of Retinal Fragments - Visakhapatnam

Jan 2021 - Jun 2021

- Published **Shell-Net**, a Deep Neural Network for retinal segmentation, enabling early detection of glaucoma and retinopathy with high specificity.
- Achieved **98%** accuracy and **96%** specificity in optic disk and cup segmentation on **DRISHTI** dataset with TensorFlow, advancing detection of critical eye diseases.

CERTIFICATIONS

- Certified Associate in Project Management (CAPM)** – Project Management Institute
- Certified Scrum Master (CSM)** – Scrum Alliance
- Artificial Intelligence in Project Management** – Project Management Institute
