Atlanta, Georgia

770-634-8362 | shaunakdeshmukh7@gmail.com

<https://www.linkedin.com/in/shaunak-deshmukh-88a398142>

Work Authorization: U.S. Citizen

EDUCATION

Bachelor of Science in Mathematics with Statistics Concentration

Institute: Georgia State University, Graduated December 2025

Skills: Statistics, Calculus, Algebra, Data Analytics, Generative AI

Software & Tools: Python, SQL, Excel, Tableau, Optimization and data analytics, C, C++, Matlab, LaTeX

WORK EXPERIENCE

Business Development Representative at Social Status Solutions: July 2026- Present

- Deliver engaging product demonstrations to prospective customers to maximize sales opportunities and company revenue.
- Analyze sales KPIs and performance metrics to identify improvement opportunities and support data-driven decisions.
- Consistently work toward meeting and exceeding sales goals through effective communication and relationship building.

PROJECTS

- Covid-19 Data Analysis Project- July 2026
- Sales EDA Data Analysis Project- June 2026

CERTIFICATIONS AND COURSES

- **Packt Master SQL for Data Analysis**- April 2026
- Skills- Course focused on SQL
- **Oracle AI** - January 2026
- Skills- Course focused using Data Science Skills
- **Data Science Essentials: Analysis, Statistics, and ML**
- Skills: Statistics, Machine Learning, SQL
- **R Programming** - September 2025
- *EDX- Harvard University (online)*
- Skills: Advanced proficiency in R environment setup, statistical function implementation, data structure manipulation, and custom function development for statistical analysis.
- **Bayesian Time Series Analysis & Forecasting** - August 2025
- *American Statistician Association conference*
- Skills: Specialized training in Bayesian dynamic modeling methodologies with practical applications across finance, environmental science, and biomedical research domains.
- **19Statistics and Data Analytics with Excel** - December 2024
- *Coursera -University of Colorado at Boulder (online)*
- Skills: Descriptive Statistics & graphical representation of data, probability, discrete and continuous probability distributions
- **Introduction to Data Analysis** - January 2024
- *Coursera - UCLA/META (online)*
- Skills: End-to-end data science workflow including data acquisition, cleaning, exploratory analysis, statistical modeling, and results interpretation
- **HarvardX: Fat Chance: Probability from the Ground Up** - February 2023
- *Harvard University(online)*
- Skills: Exploring the quantitative reasoning behind probability and the cumulative nature of mathematics by tracing probability and statistics back to a foundation in the principles of counting

RELEVANT PROJECTS

- **Improving Target Accuracy of Artillery Support Under Varying Weather Conditions**
- Sourced data with google scholar and DOD database
- Implemented models trained on wartime data to test the improvement in target error
- **Developed a Dynamic Website to RSVP**
- Wrote frontend in HTML, CSS and Javascript
