soniabansal0708@outlook.com · www.linkedin.com/in/son-jin

Detail-oriented Power BI Data Analyst with over 3 years of experience in data collection, transformation, and visualization. Skilled in creating insightful reports and interactive dashboards by leveraging diverse data sources. Eager to learn and adopt new tools and technologies to develop tailored solutions that enhance efficiency and optimize existing processes.

EXPERIENCE

SEP 2022– PRESENT

BUSINESS ANALYST, MV TRANSPORTATION | MICROSOFT, REDMOND, WA

- Designed and implemented over 50 reports and dashboards for our client Microsoft and our internal department teams, enhancing data-driven decision-making and boosting operational efficiency by 30%.
- Collaborated with cross-functional teams to identify data sources and streamlined data collection for our HR department and Fleet Electrification Manager, saving the team over 30 hours of manual data compilation each month.
- Streamlined the employee suggestion process by developing an automated solution using Microsoft Forms, SharePoint Lists, and Power Automate. This digital tool replaced manual suggestion boxes, reducing response times, enhancing efficiency, and improving overall feedback handling across departments.
- Created a dynamic dashboard to showcase pilot Electric Vehicle (EV) performance, providing real-time insights for clients. Enhanced communication and client engagement by delivering clear, data-driven progress updates.
- Leveraging recent learning, I developed a Power App to centralize EBC trip requests from multiple sources, streamline approvals, and automate email notifications. By identifying key process inefficiencies, I created a solution that improved request management and enabled data-driven reporting.

Apr 2020 – Sep 2022

STAFFING COORDINATOR, TECH ORBIT | TATA CONSULTANCY SERVICES, BELLEVUE, WA

- Conducted talent sourcing and market analysis for IT leadership roles, creating detailed recruitment reports for stakeholders.
- Managed full-cycle hiring, from candidate research to offer negotiation, optimizing processes and ensuring a positive candidate experience.

MAR 2022– APR 2022

RECRUITING COORDINATOR, ROBERT HALF | MV TRANSPORTATION, REDMOND, WA

- Managed recruitment analysis by screening candidates, updating records in iCIMS, and tracking hiring metrics
- Improved candidate experience and scheduling efficiency while providing status updates and weekly reports to stakeholders.

SEP 2020 – MAR 2022

COVID-19 RESPONSE FRONTLINE CASE INVESTIGATOR, WA DEPARTMENT OF HEALTH, REDMOND, WA

- Conducted 2,500+ COVID-19 case investigations, gathering contact details using tact and diplomacy and reporting outbreaks to the Response Team.

- Maintained patient privacy by HIPAA guidelines and ensured accurate data entry, earning recognition as a "Star Performer."

JUN 2019 – MAR 2020

LINE ASSEMBLER, AEROTEK | NINTENDO OF AMERICA, REDMOND, WA

- Tested and analyzed gaming devices, identified failure trends, and reported to supervisors while consistently meeting quotas with 100% accuracy.
- Supported quality assurance by inspecting and removing defective parts.

OCT 2017 – DEC 2020

OPERATIONS LEAD, KOHL'S RETAIL STORE, REDMOND, WA

- Enhanced customer satisfaction through proactive issue resolution and led a team to boost online sales by 30%.
- Managed order processing, trained new associates on shipment procedures, and balanced cash office transactions with accurate reporting.
