Summary

Results-driven **Data Analyst and Business Analyst** with 2+ years of experience in supply chain optimization, logistics management, and process improvement. Skilled in gathering business requirements, building dashboards, and performing data-driven analysis using modern tools such as **SQL, Python, Power BI, Microsoft Excel**, and **data analytics techniques**. Proven ability to support cross-functional teams, identify inefficiencies, and deliver actionable insights that drive business performance. Strong background in **project management**, stakeholder communication, and continuous improvement initiatives.

Education

Bhoj Reddy Engineering College for Women, Hyderabad, India

Aug 2019 – Jul 2023

Bachelor of Technology in Electronics and Communication Engineering

CGPA: 8.19

Webster University, San Antonio, USA

Aug 2023 – Jul 2025

Masters in Information Technology and Management

CGPA: 3.7

Experience

ShrinQ Consulting Group

Aug 2023 – Present

Data Analyst

Louisville, USA

- Analyzed large supply chain datasets using SQL and Python to identify bottlenecks in delivery routes, reducing delays by 15%.
- Created interactive dashboards in Power BI to visualize KPIs such as inventory turnover, order cycle time, and vendor performance.
- Partnered with logistics and procurement teams to streamline vendor evaluation and lead time reporting.
- Automated monthly reporting process using Excel macros and Python scripts, saving 12+ hours per month.
- Delivered data-driven insights to support decision-making across warehouse management and demand planning.

ShrinQ Consulting Group

Jan 2023 – Jul 2023

Business Analyst Intern

Bangalore, India

- Conducted root cause analysis for last-mile delivery inefficiencies using Excel and SQL.
- Created BRDs and FRDs for supply chain tracking solutions; mapped workflows using Visio.
- Assisted in developing dashboards for operational KPIs to support strategic decision-making.
- Participated in sprint planning and backlog grooming in an Agile environment using JIRA and Confluence.
- Recommended improvements in vendor selection strategy that led to a projected 8% cost reduction.

Projects

Retail Sales and Inventory Dashboard | *Power BI, SQL, Excel*

Dec 2024

- Built an end-to-end dashboard to monitor sales, returns, and inventory across 100+ stores.
- Used SQL to extract and aggregate data from different tables; leveraged Power BI for real-time visualization.
- Recommended changes in reorder points, leading to a 10% reduction in stockouts.

Delivery Route Optimization using Python | *Python, Pandas, Geopandas, Matplotlib*

Jul 2024

- Analyzed delivery patterns and traffic data to optimize routing for logistics teams.
- Created heatmaps to visualize areas with the highest delivery delays.
- Proposed new delivery zones that reduced average delivery time by 18%.

Customer Churn Prediction | *Python, Scikit-learn, Excel*

Dec 2023

- Conducted predictive modeling on customer retention using logistic regression and decision trees.
- Achieved 82% model accuracy and provided strategic recommendations to improve customer engagement.

Technical Skills

Data Analytics: SQL, Python (Pandas, NumPy, Matplotlib, Scikit-learn), Power BI, Tableau, Excel (Power Query, Pivot Tables, Macros), MySQL, Azure Data Studio

Business Analysis: BRD/FRD, BPMN, Gap Analysis, JIRA, Confluence, Figma, Balsamiq

Supply Chain & Logistics: Inventory Optimization, Forecasting, Procurement Analysis, Route Planning

Project Management: Agile, Scrum, Sprint Planning, KPI Reporting, Workflow Automation, Microsoft Project, RPA Concepts

Tools & Platforms: GitHub, REST APIs, Data Warehousing

Soft Skills: Critical Thinking, Problem-Solving, Communication, Stakeholder Management, Attention to Detail, Time Management, Adaptability, Team Collaboration, Decision-Making

Involvement and Achievements

- Received a certificate as a part of participating in Embedded workshop from Embedded Solutions, Hyderabad, India.
- Participated in technical seminars and networking events focused on data analytics, IoT, and AI innovation.

Certifications

- Power BI Data Analyst Associate** – Microsoft
- SQL (Advanced)** – HackerRank Skill Certification
