SUMMARY

Dynamic and seasoned Salesforce Developer with over 3 years of hands-on experience in designing, developing, and implementing high-quality Salesforce solutions. Proficient in Apex, Visualforce, Lightning Components, and Salesforce integrations. Demonstrated expertise in translating business requirements into effective Salesforce solutions, optimizing processes, and ensuring platform scalability.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, Python, HTML, Web Development, SQL, Apex, SOSL, Visualforce, CSS, SOQL, SOAP, LWC, AURA, Triggers, Apex Batch class

Tools & Technologies: Salesforce Lightning Experience, Salesforce Classic, Salesforce App Builder, Salesforce Data Loader, Force.com, Salesforce Extensions, GitHub, Jenkins, Travis CI, MuleSoft, SOAP UI, Postman, JIRA, Trello, Copado & Gearset, Salesforce CLI, Workbench, Ant Migration Tool, Force.com Migration Tool, Salesforce Reports & Dashboards, Salesforce Communities, Salesforce Service & Sales Cloud, Salesforce Marketing Cloud

Other Skills: Salesforce CRM Configuration & Customization, Apex Programming Visualforce Page Development, Lightning Component Development, Salesforce API Integration, Workflow & Process Builder Configuration, Salesforce Security Protocols, Batch & Scheduled Apex Development, Salesforce Mobile App Development, Debugging & Troubleshooting, Test Class Development & Deployment, Salesforce AppExchange Package Development, Continuous Integration & Continuous Deployment, Salesforce DX, Agile & Scrum Methodologies, Requirement Gathering & Analysis, Salesforce Administration, Performance Tuning & Optimization

EXPERIENCE

Salesforce Developer, CVS Health

May 2023 – present | Remote, USA

- Collaborated with clients throughout project lifecycle, from requirement gathering to integration, ensuring optimized sales processes in alignment with business standards.
- Developed enterprise-level applications using Lightning, integrating tools such as App Builder, Apex, AppExchange, and custom Lightning elements.
- Crafted specialized Apex classes including wrapper, batch, schedule, and queueable to cater to specific business requirements.
- Designed and implemented flows for efficient user data collection, adhering to Salesforce's best practices, and enhanced Lightning Web Components (LWC) using JavaScript, HTML, and Salesforce Lightning Design System (SLDS) components.
- Orchestrated seamless integration of Salesforce with external platforms using REST Web Services, adeptly handling both incoming operations and HTTP request methods, and managing JSON operations for smooth data interchange.
- Leveraged LWC with JavaScript and HTML for enhanced user experiences, integrated Lightning Components within Salesforce, and employed Apex, Visualforce, and triggers to drive app functionalities.
- Ensured dynamic LWC interactivity using decorators and events, developed advanced SQL queries for data integrity, and utilized development tools such as GitHub, Visual Studio, Salesforce DX, and Jenkins. Employed Copado for streamlined code deployment.

Salesforce Developer, SecurelyShare Software Pvt Ltd.

Sep 2020 – Aug 2022 | Bengaluru, India

- Played a pivotal role in Salesforce implementation, customization, and development, leading to a 25% increase in workflow efficiency. Configured 50+ workflows, validation rules, 30+ custom objects, and 15 Apex triggers.
- Spearheaded Requirement Gathering for 5 major projects, ensuring alignment with client preferences and efficient data management, resulting in 20% faster project completion.
- Engaged in 10+ project activities, emphasizing information gathering and analysis, which improved project clarity by 30%.
- Functioned as a Salesforce and Lightning developer, liaising with 8 business user groups to collate requirements for Salesforce.com, Lightning, and CRM implementations.
- Orchestrated the development of 40+ Salesforce.com Standard objects, 20+ Custom Objects, 10+ Triggers, 15 Classes, 50+ Pages, 30+ Reports, and 10 Dashboards.
- Tested and deployed 12 applications by integrating multiple components into a Lightning Application, facilitating seamless transitions from Sandbox to Production environments.
- Proficiently developed and integrated 20+ Lightning Web Components (LWC) into the Service Console Lightning application, improving user experience by 15%.
- Leveraged advanced JavaScript and HTML to enhance 15 LWC components and successfully migrated 10 aura components to LWC.
- Designed 5 single-page LWCs using the publish-subscribe pattern for efficient component communication and crafted specialized Lightning components for the Case Record Page, leading to a 20% reduction in case resolution time.
- Demonstrated expertise in the Lightning Component Framework, developing 25+ components using the aura framework and customizing them with JavaScript (client-side) and Apex (server-side).
- Utilized Lightning App Builder to create 10+ responsive apps, ensuring compatibility across devices, and integrated Salesforce.com with 3 external systems like Oracle and SAP using SOAP API, REST API, and MuleSoft.
- Augmented Communities by incorporating 15+ new fields and 5 field sets via Salesforce Lightning, resulting in a 10% increase in community engagement.
- Acquired foundational knowledge in Lightning App Builder, leading to the development of 3 visually appealing apps without code.
- Conducted rigorous testing of 5 new Salesforce features and updates pre-deployment, safeguarding the integrity of existing workflows and preventing 98% of potential issues.
- Administered Salesforce security protocols, meticulously configuring 50+ profiles, 20 roles, and 30 permission sets to uphold data privacy standards, reducing unauthorized access by 90%.

EDUCATION

Northern Arizona University

Master of Science; Major in Computer Science

August 2022 – May 2024

Flagstaff, USA

BMS Institute of Technology and Management

Bachelor of Technology; Major in Computer Science

May 2016 – May 2021

Bangalore, India

CERTIFICATION

- [Salesforce Certified Administrator](#)
- [Salesforce Certified Platform Developer I](#)
- [Salesforce Certified AI Associate](#)
