

Vasudeva Reddy Bolleddula

Data Analyst

Tampa, FL | (656) 212-2198 | vbolledd@gmail.com

Professional Summary

Data Analyst with 3+ years of experience in **SQL, Excel/VBA, Snowflake, Python, AWS, Tableau, and Power BI**. Skilled at building ETL pipelines, automating reports, and delivering self-service dashboards that improved decision-making efficiency by **30–40%**. Experienced in Agile delivery with **Confluence** and **Jira**, certified in **AWS Cloud Practitioner, SnowPro Associate, and Power BI Data Analyst Associate**.

Core Competencies

- **SQL (Advanced):** Stored procedures, query tuning, complex joins
- **Excel/VBA:** Automation, pivot dashboards, macros, data validation
- **Snowflake:** ETL pipelines, schema design, RBAC, performance optimization
- **Python:** Pandas, NumPy, automation, ad-hoc analysis
- **BI Tools:** Tableau, Power BI (DAX, KPI dashboards, forecasting)
- **Cloud:** AWS (S3, data pipelines, migration)
- **Collaboration:** Jira, Confluence, Agile/Scrum

Professional Experience

Capgemini | Data Analyst | Bengaluru, India

Oct 2021 – Jul 2023

- Cleaned and modeled 10M+ customer and asset records with SQL/Excel, improving data accuracy by 25% and reducing preparation time by 30%.
- Migrated 5,000+ documents from SharePoint to Confluence, cutting search time for project teams by 40%.
- Authored and maintained 100+ Jira user stories, reducing requirement gaps by 15%.
- Built and optimized 15+ ETL pipelines in Snowflake, increasing data refresh frequency from daily to hourly.
- Designed 10+ Tableau dashboards to monitor KPIs like outage frequency and SLA compliance, helping reduce outage restoration times by 12%.
- Automated reporting with Python scripts, cutting manual workload by 35%.
- Delivered insights that helped National Grid meet regulatory SLAs and generated \$500K+ in annual efficiency savings.

Zinovia Technologies | Software Engineer | Hyderabad, India

Jun 2020 – Oct 2021

- Developed and optimized **50+ SQL queries and stored procedures**, improving ETL efficiency by **25%**.
- Built **Excel dashboards with pivot tables** to streamline reporting, reducing prep time by **50%** and saving analysts **10+ hours per week**.
- Created **5+ Power BI dashboards** tracking operational KPIs, accelerating decision-making by **30%**.
- Partnered with stakeholders to gather requirements and deliver reporting solutions, increasing satisfaction by **15%**.

Academic Projects

E-Commerce Sales & Customer Insights Analytics Project

Technologies: AWS S3, Snowflake, SQL, Excel, Power BI/Tableau

- Built an end-to-end analytics pipeline by ingesting raw CSVs from AWS S3 into Snowflake and transforming them into a star schema (fact & dimension tables).
- Wrote SQL queries to clean, join, and aggregate 20K+ sales, product, and customer records, deriving KPIs such as net sales, gross margin, and repeat purchase rate.
- Validated results with Excel pivot tables, ensuring accuracy before dashboarding.
- Designed Power BI/Tableau dashboards with drill-downs and slicers to track monthly revenue, top products, and regional performance, improving executive decision-making.

GDP Per Capita & Growth Analysis

Technologies: SQL, Python, Tableau, Power BI, Excel VBA

- Enhanced GDP model with socio-economic factors, raising accuracy by **12%** and uncovering key growth drivers.
- Analyzed GDP trends for **150+ countries over 20 years**, producing predictive models with **85% accuracy**.
- Developed interactive dashboards that consolidated global economic data, cutting manual reporting workload by **50%**.

Education

University of South Florida, Tampa, FL

Aug 2023 – May 2025

M.S. in Business Analytics and Information Systems

Institute of Aeronautical Engineering, Hyderabad, India

Jul 2017 – Jul 2021

B.Tech in Electronics and Communication Engineering

Certifications

- AWS Cloud Practitioner, SnowPro Associate, Power BI Data Analyst Associate.
