- Developed strategic funding recommendations by analyzing trends, aiding in securing new grants.
- Developed interactive dashboards and visual reports using Power BI to support data-driven decision-making across finance and operations department.
- Created detailed financial and operational reports for stakeholders, leveraging data insights to drive cost-

- effective decision-making.
- Designed and delivered comprehensive training programs on grant management, billing protocols, data entry and data analysis for improved organizational efficiency.
- Supervised and mentored a cross-functional team, implementing performance improvement strategies to enhance billing accuracy and productivity.
- Innovated project management workflows, leveraging analytical tools to enhance planning, forecasting, and execution outcomes.
- Collaborated with leadership to implement advanced billing practices and financial strategies, ensuring project success and stakeholder satisfaction.

Quality Assurance Coordinator - Full Time
PRODUCERS RICE MILL, INC.

2019 - Present

- Developed and managed robust quality assurance programs in line with FDA Quality Systems, OSHA standards, and health regulations to ensure safety and compliance. Directed microbial testing protocols and contamination controls, ensuring the highest levels of product integrity and safety.
- Designed and delivered impactful training sessions on quality standards and food safety practices, fostering a culture of excellence.
- Identified and resolved quality-related issues by implementing effective corrective and preventive actions (CAPA), achieving a 60% reduction in product rejection rates.
- Successfully led third-party audit processes, ensuring full compliance and effective resolution of findings.
- Enhanced chemical inventory systems and pest control measures, maintaining strict adherence to food safety protocols.
- Analyzed quality metrics and trends to develop continuous improvement strategies, boosting product quality and customer satisfaction.
- Conducted comprehensive internal audits, addressing inefficiencies and ensuring regulatory compliance.
- Maintained detailed documentation, including SOPs, training logs, and corrective action reports, ensuring compliance with regulatory standards.
- Improved customer satisfaction through detailed root cause analysis and innovative quality enhancements.

Community Health Worker (Preceptorship)
DELTA HEALTH ALLIANCE

2021 - 2021

- Acted as a liaison between community members and healthcare services, advocating for the health needs of individuals, connecting them with appropriate resources.
- Led targeted outreach and education programs, increasing health literacy and vaccination rates in underserved communities.
- Enhanced program outcomes by conducting data-driven evaluations and designing tailored public health initiatives.
- Delivered impactful workshops to combat vaccine hesitancy, achieving an 85% increase in community vaccination rates.
- Conducted educational sessions for individuals and groups, raising awareness of public health programs such as COVID-19 vaccination initiatives, focusing outreach efforts on marginalized communities to address health risks, provide prevention education, and empower individuals with the information necessary to make informed health decisions.
- Assisted in the development and execution of health programs, including workshops, informational sessions, and community-based events aimed at improving health literacy, evaluating existing programs to ensure their relevance, accuracy, safety, and effectiveness in meeting community needs.
- Led targeted efforts to increase awareness and address vaccine hesitancy, particularly in minority and low-income communities, delivering information about the safety, benefits, and availability of the COVID-19 vaccine, helping to overcome barriers to vaccination, increasing community vaccinations more than 85%.
- Managed administrative tasks related to community health programs, including maintaining accurate and up-to-date records, tracking participant engagement, and assisting in the preparation of reports and documentation for health initiatives.

Pathology Clinical Laboratory Assistant II
UNIVERSITY OF TEXAS SOUTHWESTERN MEDICAL CENTER

2012 - 2019

- Optimized workflows to achieve a 75% increase in reporting turnaround times, ensuring timely delivery of results.
- Acted as SME during EPIC-Beaker implementation for clinical and pathology laboratory data and order creation and entry, elevating team expertise and operational efficiency with new systems.

- Enhanced quality metrics by designing and managing Quality Improvement modules, driving continuous improvements in laboratory operations.
- Facilitated impactful research by collaborating with IRB Coordinators and Research Managers to efficiently coordinate, document, and process research specimens, aligning with rigorous protocols and deadlines
- Monitored and improved quality metrics by establishing and managing Quality Indicators (QI) and modules, driving continuous improvement within the department.
- Enhanced compliance and standardization by authoring and updating Standard Operating Procedures (SOPs) to align with departmental, regulatory, and accreditation requirements.
- Streamlined specimen management by expertly preparing, accessioning, and processing tissue, blocks, and slides for clinical and research purposes, achieving consistent accuracy and timeliness.
- Guaranteed regulatory compliance by adhering to stringent clinical and industry standards for specimen handling, labeling, and storage, minimizing errors and enhancing laboratory integrity.

Senior Customer Care Agent

2009 - 2012

WALMART STORES (WALMART.COM)

- Ensured world class customer service working in a call center setting answering customer calls, chats, emails, inputting data, and in person inquiries.
- Consistently ranked among top performers for data entry and chat/text resolution speed, accuracy, and customer satisfaction (95%+).
- Mentor and support team members by handling escalations, providing peer coaching, and sharing best practices, helping reduce team average handle time by 12%.
- Collaborate with supervisors and training teams to enhance chat/text workflows, resulting in a 15% improvement in first-contact resolution.
- Recognized for leadership and quality assurance contributions, with multiple commendations for driving service excellence and team performance.
- Proactively analyze customer feedback and performance data to identify trends, streamline processes, and improve overall service delivery.
- Worked as part of the Executive Escalations Department, in which my duties included working with the company's Legal Department to assist customers with resolving issues turned over to the Better Business Bureau and Attorney General, among other legal matters.
