SUMMARY

Certified coding professional with extensive experience in ICD-10-CM and HCC risk adjustment coding and auditing. Proven track record of exceeding coding accuracy and productivity benchmarks in fast-paced, compliance-driven environments. Skilled in coding audits, CMS regulations, and clinical documentation improvement (CDI). Strong background in remote team collaboration, provider support, and workflow optimization using tools like Epic, Episource Encoder, and HCC Coder. Holds CPC and RHIA certifications and a BS in Health Information Management.

SKILLS

- ICD-10-CM, HCC, & DRG Coding (OPTUM/CMS)
- Risk Adjustment Auditing & Data Integrity
- Training, Mentorship, & Team Collaboration
- CMS Compliance & Clinical Documentation Improvement (CDI)
- Coding Guideline Interpretation
- Project Coordination & Workflow Optimization

Tools & Software: Episource Encoder, HCC Coder, Epic, OneNote, Excel, eCW, Practice Fusion, NextGen, Salesforce, MRM

EDUCATION

Purdue Global University - BS Health Information Management, 2024

Austin Community College - Medical Billing & Coding/Phlebotomy, 2022

CERTIFICATIONS

- ★ CPC (AAPC) - ID: 02008561
- ★ RHIA (AHIMA) - ID: 274966

EXPERIENCE

Coding Quality Analyst - *OPTUM (UnitedHealth Group)*, Remote

AUG 2024 - PRESENT

- Consistently exceeded 98%+ productivity and accuracy targets in HCC risk adjustment coding and auditing.
- Collaborated with L2 teams to improve multi-setting coding accuracy, contributing to team-wide audit success rates.
- Applied ICD-10-CM and HCC expertise to ensure accurate risk adjustment and compliance with CMS documentation standards.
- Managed multiple client-specific coding requirements (Medicare, ACA, WellMed), ensuring compliance and data integrity.
- Reviewed and tracked coded, held, and missing charts for accuracy and completeness.
- Used Episource Encoder and HCC Coder to ensure compliance with CMS and Optum HCC models.
- Stayed updated on coding changes and regulations through continuous education.

- Contributed to team discussions and training, driving process improvement and collaboration.

HCC/Risk Adjustment Coder - *CSI Companies, Remote*

MAY 2023 - AUG 2024

- Abstracted and assigned ICD-10-CM codes using Episource Encoder and HCC Coder tools, maintaining 98%+ accuracy.
- Ensured complete and compliant documentation in accordance with CMS/Optum HCC coding guidelines.
- Supported clinical documentation improvement by identifying incomplete or inconsistent provider documentation.
- Developed and maintained a OneNote tracking system to monitor guideline updates and standardize coding practices.
- Maintained confidentiality and data security across all client projects.

Provider Advocate I - *Baylor Scott & White Health Plan, Temple TX*

JAN 2023 - MAR 2023

- Served as primary contact for benefits, claims status, and drug inquiries, with broad knowledge of Individual Plans and other products.
- Verified and updated demographic information in the Plan system to ensure data accuracy and integrity.
- Documented inquiries and resolutions in phone logs, maintaining detailed records for analysis and follow-up.

Phlebotomist - *Clinical Pathology Laboratories, Austin TX*

AUG 2016 - JAN 2023

- Led teams in daily operations, ensuring efficient specimen processing and compliance with guidelines.
- Trained and mentored peers on EMR systems, promoting consistency and accuracy in clinical data management.
- Processed patient samples and managed associated paperwork, ensuring accurate and timely data entry.
- Utilized and maintained proficiency across multiple EMR systems to support seamless workflow and data integrity.
- Fostered strong client relationships, ensuring high-quality service and communication.
- Adhered to OSHA, HIPAA, and Joint Commission standards, ensuring regulatory compliance in all processes.

Phlebotomist - *San Gabriel Family Medicine, Leander TX*

MAR 2018 - APR 2019

- Collected and monitored blood, PGX, TOX, and RPG samples.
- Coordinated patient referrals and managed insurance billing.
- Assisted in recruiting, training, and onboarding of new staff.
- Resolved service issues and recommended process improvements.
- Recorded vitals, document symptoms, and prepared patients.
- Assisted physicians during minor procedures.

Certified Nursing Assistant - *Sagebrook Senior Living, Cedar Park TX*

MAY 2015 - APR 2016

- Supported residents with daily living activities and maintained accurate documentation in EHR.
- Assisted with clinical procedures and ensured compliance with care standards.
