+1 (425) 397-1999

Professional Summary

Results-driven Data Analyst, QA Analyst, and Machine Learning Specialist with over 3 years of experience in data analysis, software testing, and machine learning. Proficient in SQL, Python, and data visualization tools, with a strong background in developing ML algorithms for address correction and standardization using NLP models. Experienced in test planning, defect management, and collaborating with developers to ensure software quality. Combines analytical expertise, technical proficiency, and problem-solving skills to drive business success.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Data Analyst

JND Legal Administration-Seattle, WA

June 2022 to Present

- Data Analyst I (June 2023 – Present)
- Lead end-to-end data processing for key projects, ensuring high data quality, integrity, and consistency for subsequent analysis and use in AI systems.
- Design and implement efficient ETL pipelines to automate data processing and transformation workflows, resulting in reduced data preparation time.
- Conduct in-depth data analysis, generating valuable insights to support business decision-making and optimize legal processes.
- Develop and optimize data-driven email campaigns using MailGun and Email On Acid, including A/B testing to enhance effectiveness.

Data Analyst (December 2022 – May 2023)

- Independently performed data cleaning, transformation, and processing to maintain data integrity in critical projects.
- Utilized ETL tools and techniques to prepare data for analysis, improving process efficiency.
- Conducted Exploratory Data Analysis (EDA) to identify trends, anomalies, and potential areas for process improvement.

Junior Data Analyst (June 2022 – November 2022)

- Assisted in cleaning, validating, and loading large volumes of data, ensuring accuracy and consistency.
- Participated in the development and implementation of basic data loading and transformation pipelines.

AI Quality & Performance Analyst

Volga Partners-Seattle, WA

November 2024 to May 2025

AI Quality & Performance Analyst (November 2024 – May 2025)

- Monitor and analyze the performance of AI systems within the Microsoft Bing multimedia project.

- Develop and implement metrics to assess the quality of AI-generated content and data.
- Collaborate with development and data science teams to optimize AI models.

Language Data Analyst (April 2024 – November 2024)

- Analyzed and improved the quality of AI-generated results on the Bing search platform, focusing on the relevance and accuracy of text data.
- Evaluated data used for training language models, identifying and rectifying inconsistencies.
- Developed recommendations and provided feedback to AI/ML teams to enhance algorithms.

QA Analyst

Utest-Remote

September 2021 to June 2022

- Developed test plans and executed functional and usability testing for web and mobile applications.
- Performed API testing using Postman and automated tests with Selenium and Python.
- Logged and tracked defects using Jira, collaborating with developers to resolve issues.

Service Technician

AutoNation-Bellevue, WA

August 2019 to September 2021

- Diagnosed and repaired mechanical and electrical issues, ensuring vehicle performance and safety.
- Trained junior technicians to improve team efficiency.

Education

Programming School (Boot Camp)

TECH I.S. TECH I.S.-Santa Clara, CA

September 2021 to March 2022

Informatics and Computer Science (Master's Degree)

Ural State Technical University,-Yekaterinburg, Russia

September 2017 to May 2019

Economics Industry and Finance (Bachelor's Degree)

Moscow University for-Moscow, Russia

September 2012 to May 2017

Bachelor's degree

Master's degree

Skills

- Time management
- MySQL
- Computer Science
- Agile
- Data collection
- Business intelligence

- Analytics
- Unit testing
- Research
- Machine learning
- Bug Reporting (Quality assurance practices)
- Microsoft Access
- User Interface (UI)
- Management
- Microsoft Word
- Software troubleshooting
- Front-end development
- AI
- Root cause analysis
- Pivot tables
- Query optimization - Queries optimized (More than 200 queries)
- Clerical experience
- Jest
- Microsoft Outlook
- Snowflake
- Data analysis practices
- Task prioritization
- TestRail
- Database management experience - Database management experience (3-5 years)
- Data modeling projects
- Data preparation projects
- HTML5
- Healthcare reimbursement methods
- Statistics
- Linux
- Programming languages
- xUnit
- Query performance optimized (41-60%)
- Microsoft Excel
- Data warehousing implementation - Largest data warehousing solution implemented (1TB-5 TB)
- EMR systems
- SSIS
- AWS
- Data Analysis - Data analysis experience (3-5 years)
- Database testing
- C#

- Machine learning projects
- Selenium
- SAS
- Data warehousing projects
- Microsoft Powerpoint
- Power BI
- Jira
- IT
- Interpersonal skills
- Dashboard development
- Database software proficiency
- Managing data teams - Largest data team managed (1-5 team members)
- Project coordination
- Python
- English
- Leadership
- UNIX
- Budgeting
- Copywriting
- Business analysis
- Scripting
- CI/CD
- Metrics Reporting
- ETL
- Encryption
- Microsoft Office
- XML
- Organizational skills
- User acceptance testing
- Data management
- Developing big data ETL processes - ETL processes developed (4-6 processes)
- Azure
- AI tools proficiency
- Analysis skills
- Communication skills
- Supply chain
- SharePoint
- Bilingual
- Data mining
- Editing

- Usability
- Data analysis skills - Data analysis experience (3-5 years)
- Performance tuning
- Data quality assurance
- User Experience (UX)
- Zephyr
- Machine learning research
- Mobile Applications
- SQL
- Data Visualization
- Supervising experience
- Query performance optimization
- Writing skills
- Medicare
- SAP
- Data analyst experience
- Delegation
- Model training
- Calendar management
- Attention to detail
- Data modeling
- Driving
- Assembly
- Route driving
- Data visualization projects
- Microsoft SQL Server
- SQL databases
- Test Execution (Quality assurance practices)
- ETL process management
- Data analytics
- R
- Crystal Reports
- JSON
- Oracle
- Windows
- Tableau

Languages

- Multilingual

- Bilingual - Expert
- Russian - Expert
- Romanian - Intermediate
- English - Fluent

Certifications and Licenses

Certified Analytics Professional

Google Analytics Certification

MCSA

Driver's License

AWS Certification
