WORK EXPERIENCE

IT Technical Support, Beyel Brothers, Inc.

February 2024 – Present

- Provided technical support by setting up workstations (Printers, Scanners, Desktop Computers) and conducted software/hardware troubleshooting.
- Assisted in the onboarding, installation and training of new employees on HR-related software, providing support to ensure smooth setup and efficient usage.
- Developed and implemented electronic signature templates, streamlining the document signing process for HR personnel, improving efficiency and reducing turnaround time.
- Assisted in migrating data to a new HR software system, ensuring data accuracy and seamless integration.
- Built a job posting page for the company's existing website using WordPress, HTML, CSS, JavaScript, SharePoint List, and Power Automate improving the recruitment process and candidate experience.

Data Analyst and System Support, Lotane and Associates P.A

December 2022 – February 2024

- Responsible for monthly collection reports, analyzing earnings vs. expenditures, and providing insights to optimize financial outcomes.
- Responsible for employee monthly performance reports to assess if they are meeting or exceeding expectations.
- Developed and optimized dialer campaigns for our collection department, enhancing collection efficiency and outcomes based on key performance insights.
- Developed dynamic, user-friendly dashboards using SQL, SSMS and SSRS to enhance data accessibility and support data-driven decision-making.
- In charge of the debt collection software's task-based, data-driven automation features to build workflows and minimize errors in file handling.
- Responsible for vendor integrations using Electronic Data Interchange, ensuring smooth data exchange with partners.

Data Entry Specialist, Dealer Services Network

June 2022 – October 2022

- I verified sets of documents and performed accurate data entry into the States System DLRDMV.
- Collaborated with a team to ensure the timely processing of paperwork.
- Demonstrated exceptional performance within the first 3 months, leading to an offer of training as a Reject Specialist to correct denied DMV applications.
