

Ian N. Mays

www.ianmays.com

Experiences

- Developing Wiktlex, a Flask app for creating and maintaining wordlists for *Scrabble* and other word games (Aug 2024 – present)
 - Curated a wordlist based on freely-licensed data from Wiktionary
- Contributing to Wikipedia (Jul 2019 – present)
 - Used regular expressions on multiple occasions to find and fix typos and other errors on wiki pages
- Administrating LifeWiki, a wiki dedicated to Conway's Game of Life and other cellular automata (Apr 2019 – present)
 - Created numerous templates using MediaWiki markup which are used throughout LifeWiki
 - Wrote several Python scripts to aid in retrieval of cellular automaton patterns from databases as well as in generating and manipulating patterns
- Developed *Winston Clicker*, a clone of the game *Cookie Clicker*, in JavaScript (Jun – Sep 2014)
