About Me

Detail-oriented, bilingual professional with 7 years of experience in education and 4 years of remote work as a stylist. Skilled in communication, time management, and supporting teams both in-person and virtually. Currently pursuing a Data Analyst certification and eager to apply my strengths in organization and problem-solving to a remote, entry-level role in a growing company.

EDUCATION

High school diploma
2007-2011

Austin Community College
2012-2014

Coursera- Data Analyst, UX/UI
2025-present

SKILLS

- Attention to detail
- Time management
- Remote work proficiency
- Problem solving
- Team collaboration
- Basic tech skills
- Data entry & Management (actively learning)

WORK EXPERIENCE

PARAPROFESSIONAL-LIFESKILLS CLASSROOM

EANES ISD 2017-2025

Supported students with diverse learning and behavioral needs in a life skills classroom for seven years
Collaborated closely with lead teachers, therapists, and families to implement individualized education plans (IEPs)
Provided one-on-one and small group instruction, focusing on communication, daily living, and social skills
Maintained a structured, supportive environment while adapting to student needs with patience and empathy
Developed strong time management and multitasking skills in a fast-paced, high-responsibility setting
Managed documentation, progress tracking, and communication logs with attention to detail and accuracy

REMOTE STYLIST

STITCH FIX 2020-PRESENT

Delivered personalized styling services for clients through virtual platforms, focusing on individual preferences and trends
Maintained high levels of client satisfaction and engagement through prompt communication and personalized recommendations
Managed a large caseload while meeting company performance goals and maintaining attention to detail
Utilized internal systems for data entry, tracking client feedback, and making data-informed style selections
Demonstrated adaptability and professionalism in a fully remote, tech-driven work environment
