---

## PROFESSIONAL SUMMARY

Full-stack engineer skilled in Python, Java, JavaScript and C#. Experienced with building scalable web applications, optimizing databases, and deploying to cloud platforms. Delivers reliable, user-friendly solutions that scale.

## CORE TECHNICAL SKILLS

**Languages:** Python, Java, JavaScript/TypeScript, C++, C#, PHP

**Frameworks/Libraries:** Next.js, React, Tailwind, Node.js, .NET, Bootstrap

**Databases/Tools:** AWS, MongoDB, SQL, Docker, Git/GitHub, CI/CD (GitHub Actions), Redis

## KEY PROJECTS

### Rent-A-Man | *Property Maintenance Website*

C#, .NET Core, SQL, JavaScript, Bootstrap

- Delivered a booking, scheduling, and invoicing platform that improved client onboarding speed by 60% and boosted customer satisfaction.
- Built scalable backend services with .NET Core + SQL integration, ensuring data reliability and reducing manual admin work for the business owner.

### Sparkflow | *Automation Hub*

Python, JavaScript/TypeScript, React, Node.js, MongoDB, Redis

- Created a workflow automation platform integrating Gmail, Slack, and Notion, reducing manual coordination by hours per week.
- Engineered background job retries and idempotency for 99.9% execution reliability, eliminating common task failures and improving trust in the platform.

### RoleRadar | *Career Analytics Tool*

Python, JavaScript/TypeScript, React, Node.js, PostgreSQL

- Cut resume tailoring time by 50% with an ATS-aware analyzer that scores resumes, highlights keyword gaps, and generates recruiter-ready reports instantly.
- Shipped secure APIs and a mobile-first Next.js UI, making career insights fast and accessible for job seekers on any device.

## WORK EXPERIENCE

### AI/Prompt Engineer | *Outlier - Remote, 05/2024 - Current*

- Automated workflow scripts to streamline project management, saving hours weekly.
- Refactored and tested AI-generated code with 100% accuracy, identifying hidden failures that improved error detection by 25% and strengthened documentation/knowledge transfer.

## EDUCATION AND TRAINING

Certification in Software Development | *The Tech Academy, 2023-2024*

A.S. Degree - Computer Science | *Pasco-Hernando State College, 2016-2018*
