WORK EXPERIENCE

Deputy Manager, Alumni Programs | The Citizens Foundation, Pakistan | 2023-2024

- Designed and piloted a career counseling toolkit adopted by 1900+ schools after a successful test run.
- Built partnerships with top companies like IBEX, Hunar Foundation & Indus Hospital to link students with low-cost vocational training.
- Revamped Alumni Development Program, supporting at least 270 students yearly in transitioning from college to university.
- Led 50+ alumni interviews in 1 admission cycle to assess scholarship eligibility using academic and socioeconomic indicators.
- Contributed ~10% to SAVES DREAM fundraising campaign through data-backed impact narratives.
- Analyzed alumni data to track outcomes and inform strategy through dashboards and reports.

Executive Assistant | Institute of Business Administration, Pakistan | 2020-2020

- Coordinated academic materials and managed data for two major marketing courses Global Marketing & Services Marketing.
- Supported logistical arrangements and guest lectures.

Relationship Manager | Meezan Bank Ltd. Pakistan | 2017-2020

- Expanded ACU client base from 2 to 13, boosting annual revenue from PKR 60K to PKR 2M through optimized account operations and client engagement.
- Managed a top non-resident exchange client contributing 60% of Meezan Bank's home remittance revenue.
- Conducted due diligence and compliance checks, enhancing accuracy and improving client satisfaction.
- Prepared reconciliation reports for Non-Resident Exchange and Vostro Accounts; ensured audit readiness and data integrity.
- Delivered monthly operational risk reports to Head of Risk; identified and escalated a major fraud through analytical review.
- Evaluated remittance software vendors with IT, leading to a more efficient, cost-effective solution.
- Reported remittance data to the State Bank for rebate processing, managed contract approvals and drafted agreements in coordination with in-house and external legal counsel.

Research Trainee | Bank Of Punjab, Pakistan | 2016 - 2016

- Built financial models and performed econometric analysis to forecast exchange rate fluctuations over the next year based on which major treasury decisions could be taken.
- Assisted in preparing reports for senior leadership based on data-driven insights.

Intern | American President Lines, Pakistan | 2013 -2013

- Performed departmental rotations and assisted in documentation and data entry tasks.
