Mansfield, TX, 76063

SUMMARY

Motivated Software Engineering with internship experience in mobile development. Skilled in Appian development, SQL, Swift, debugging, and collaborating in Agile environments to drive project success. Looking for an opportunity where I can continue to grow and become an experienced software engineer.

SKILLS

Agile · Apache · Apache Spark · Appian · Big Data · C/C++ · C# · Code Review · Git · Google Firebase · HTML · Java · JavaScript · Microsoft Access · PL/SQL · Postman · PySpark · Python · SAGE · SourceTree · SQL · Swift · Tableau · Xcode · Objective-C · SwiftUI

CERTIFICATIONS

Associate Appian Certification

Mobile Development Certificate

Kodeco iOS Boot Camp

MYRLINE SYLVEUS

ASOCIATE SOFTWARE ENGINEER | DATA ANALYST

EXPERIENCE

Kodeco

Remote

Beginning iOS and Swift Bootcamp Certification

11/2025 - 01/2026

- Complete 10 weeks Kodeco bootcamp iOS program and received the Above and Beyond / Best Capstone project
- Use **Swift/SwiftUI** to build 5 apps and 1 capstone project from scratch
- Awarded Best Capstone Project out of 10 participants by delivering a comprehensive iOS app using Swift/SwiftUI

Appian

Remote

Appian Certified Associate Developer

03/2025 - 06/2025

- Obtained **Appian Developer builder & Code Automation** certification (45+ hours)
- Leverage **SQL** for querying record types, and using Appian's data fabric to manage data
- Lean and emphasize secure object configuration, application security, and performance best practices

MizikNet

Remote

iOS Developer Intern

05/2024 - 08/2024

- Develop, test, debug, document, and maintain back-end services, models, processes, and databases that support the application
- Active participation with the Agile team - Grooming, Sizing, Demo, Planning
- Use of **SQL** to perform basic DDL/DML commands
- Participate in code reviews to ensure proper standards and guidelines

Argonne National Laboratory

Lemont, IL

Data Analyst Intern

05/2023 - 08/2023

- Trend analysis of Argonne Leadership Computing Facility data on supercomputers using **Tableau**
- Collaborated with Business Intelligence team to access data
- Used Python and MySQL to web scrape data from Wiki CFP
- Explore big data processing on supercomputer (SAGE) using **Python in Apache Spark**
- Stream from live simulation using PySpark

EDUCATION

Northern Illinois University

DeKalb, IL

Master's Degree - Computer Science

- Graduate certificate in Mobile Development
- GPA: 3.9

FAMU

Tallahassee, FL

Bachelor's Degree - Nursing

- Student Nursing Association
- GPA: 3.5
