chereddy@uwm.edu ❖ (248) 795-4226 ❖ Milwaukee, WI ❖ www.linkedin.com/in/revathi-reddy-chereddy

PROFILE

A recent Graduate with a Masters' in Information Technology Management and hands-on experience in Data Analysis, Business Intelligence. Expertise in ETL, SQL, Python, Power BI with a strong foundation in business process modeling. Strong analytical skills with the ability to gather, document, and analyze business requirements to drive process improvements. Experienced in collaborating with cross-functional teams to implement technology solutions that drive business performance. Passionate about technology consulting with a keen ability to communicate technical insights to both technical and non-technical stakeholders.

WORK EXPERIENCE

Associate Analyst

Dec 2020 – Jun 2023

Datapro Information Technology Pvt Ltd, Pune, India

- Built ETL pipelines to automate data collection and integration from multiple sources, reducing manual effort by 40%.
- Analyzed large datasets using Python libraries such as Pandas and NumPy, uncovering trends that improved inventory forecasting by 20%.
- Designed and developed impactful dashboards in Tableau and Power BI, tracking sales performance and marketing campaign ROI across geographies.
- Optimized the data collection process using advanced SQL queries to extract, transform and analyze datasets enhancing data accuracy by 25% and strengthening decision-making efficiency.
- Implemented predictive models using scikit-learn to analyze customer churn, improving retention strategies by 15%.
- Used predictive modelling to forecast sales trends to an accuracy of 92%.

Intern Assistant

Sep 2018 – Mar 2020

Team One India Pvt Ltd, Hyderabad, India

- Designed and presented data-driven architectural solutions, incorporating client preferences and site constraints.
- Automated project documentation workflows using Excel macros, reducing reporting time by 30%.
- Assisted in requirement gathering, process mapping, and workflow automation to streamline business processes.

Trainee

May 2018 – Jul 2018

Yellow Seven Architects, Vijayawada, India

- Conducted geospatial data analysis using GIS tools, integrating environmental data into urban planning projects.
- Used SketchUp to produce 3D renderings that increased project approval rates by 25%.

EDUCATION

Masters' in Information Technology Management, GPA: 3.9/4.0

University of Wisconsin - Milwaukee

Dec 2024

- Coursework: Web Mining and Analytics, Business Intelligence, Machine Learning, Big Data, SOA, Social Network Analysis

Bachelors, GPA: 3.8/4.0

Jawaharlal Nehru Technological University Kakinada - India

Nov 2020

SKILLS & INTERESTS

- **Academic Projects:** Stock Portfolio Optimization and Prediction
- **Professional Development:** Attended 'Data Analytics & Business Intelligence' Program – 2024, Python Bootcamp, R Bootcamp – 2023, Artificial Intelligence & Strategy Management – 2024.
- **Skills:** Time Management, Adaptability, Cross functional Collaboration, Data Transformation and Analysis, Data Visualization, Data Modeling, Project Management, Stakeholder Management.
 - Data Analytic Tools – Advanced Excel, Tableau, Power BI, ETL Process, SQL, Python (Pandas, NumPy), SAP 4 HANA, Eclipse, Gephi, Microsoft Visio
 - Business Intelligence: Business Process Modelling, Requirement Gathering, Use Case, Cost Benefit Analysis.
 - Machine Learning: Scikit-learn, TensorFlow, Keras, PyTorch, Spark MLlib, Azure ML, Databricks
 - Data Modeling Tools: Dimensional Data Modeling, Star Schema Modeling, Snow-Flake Modeling, FACT and Dimensions Tables, Conceptual, Logical Data Physical Modeling, Eclipse, Visio.
- **Interests:** Architectural Design and Planning, Nutritious Food, Traveling, Passionate Home Cook.
