ABOUT ME

I believe that AI is the future for solving the daily problems by finding the quickest and smarter solutions, doing it with passion and being creative is what keeps me forward into high-tech topics.

TECHNICAL SKILLS

Python C++ SQL Excel

Machine Learning

Deep Learning

CS HTML CSS

RTL Design System Verilog

Cisco packet tracer

Unreal Engine

Matlab Simulink

ROS FreeRTOS

QUALIFICATIONS

Leadership

Teamwork

Creativity

Communication

Self learner

LANGUAGES

Spanish: Native

English: Advanced / B2

French: Basic / A2

EXPERIENCE

Data Analyst Intern [Quaker Houghton](#)

Dic 2023 - Apr 2024

Remote

- Proposed ETL and EDA pipeline processes in global sales databases to find product insights and potential clients.

EDUCATION

Master in Applied Artificial Intelligence Student [Instituto Tecnológico y de Estudios Superiores de Monterrey](#)

Sep 2023 - Dec 2025

Guadalajara, Mexico

Licenses & Certifications

- Generative AI with Diffusion Models. NVIDIA 2025
- Fundamentals of deep learning. NVIDIA 2024
- Generative AI. IBM 2024
- Getting started with enterprise data science. IBM 2023

Robotics and Digital Systems Engineering [Instituto Tecnológico y de Estudios Superiores de Monterrey](#)

Aug 2019 - June 2023

Guadalajara, Mexico

- Received a diploma of excellency at integrity development.
- Named Leader of generation 2019-2023 for robotics class.
