SUMMARY

Innovative Software Developer with 5+ years of hands-on experience designing and testing applications. Well-versed in Agile methodologies and coding languages.

Experienced in the field of Robotics Process Automation (RPA) and Artificial Intelligence (AI) to build integrated software robots that function with little or no human intervention.

EDUCATION

Illinois Institute of Technology, Chicago, IL MAY 2024
Master of Science, Computer Science, GPA, 3.6

Acharya Institute of Technology, Bangalore, KA JULY 2019
Bachelor of Engineering, Information Science, GPA, 3.3

SKILLS

- **TECHNOLOGY:** UiPath | NICE | Automation Anywhere | Python | SQL | Document Understanding | Data Analytics | Machine Learning | Artificial Intelligence | AI Centre | Excel Macros | CI/CD Pipeline | API
- **OTHER:** GIT | Agile | Postman | Soap UI | JIRA | C++ | C | C# | .Net | JavaScript | UiPath Infrastructure | Pandas | Numpy | Matplotlib | Seaborn | Data Visualization | AWS Cloud
- **LANGUAGES:** English | Hindi | Kannada

WORK EXPERIENCE

Automation Developer
PA Team Software Consulting Inc. - USA FEB 2022 – FEB 2024

- Worked for a US based client - a leading broadband connectivity company and cable operator.
- Reduced manual efforts by automating manual daily checks, scheduled activities, maintenance and issue troubleshooting for L1, L2 & L3
- Develop & deploy standalone custom infrastructure automation scripts in scripting languages like Python.
- Conducted full lifecycle software development from planning to deployment and maintenance.
- Mentored interns and junior software developers through training, design reviews and code reviews

RPA Developer
HPE (Hewlett Packard Enterprise) - India SEP 2019 – FEB 2022

- Worked for a leading telecom client VIL (Vodafone-Idea Limited) to provide end to end automation solutions through RPA tools such as NICE, UiPath, HP SA, as well as scripting languages like Python, JS and Bash.
- Data backup Worked closely with systems analysts, engineers and programmers to understand limitations, develop capabilities and resolve software problems. Execution of complex commands.
- Leveraged Agile methodologies to move development lifecycle rapidly through initial prototyping to enterprise quality testing and final implementation.

Software Intern

HPE (Hewlett Packard Enterprise) - India

FEB 2019 - AUG 2019

- Worked with team members to promote great customer service and a pleasant work environment.
- Worked as an intern and got trained in various RPA Tools and Python Programming to Automate Software Bots.
- Supported various program activities, assisting with administrative tasks.

CERTIFICATIONS

- UiPath Certified Advanced RPA Developer v1.0 (UiARD)
- Automation Anywhere Certified Master RPA Professional
- NICE Certified Developer 7.1 designer
- Certified Python Developer with Elite Grade from NPTEL
