Employment History

Power Home Remodeling | Cost Analyst

January 2024-Present

- Analyze and pay installers weekly, along with other bills associated with specific customer projects
- Build customer invoices in Great Plains
- Audit work queues to ensure deadlines are being met
- Review cost of goods sold accounts associated with your assigned territories
- Prepare monthly general ledger entries to assist with month and year end close
- Assist in processing team members queues when needed
- Reconcile accounts
- Maintain relationships with vendors and suppliers
- Assist with audits as needed
- Manage sensitive matters with a high level of confidentiality and discretion
- Special projects as assigned

Cardone Industries | Pricing & Returns Manager

March 2022-July 2023

- Leverage knowledge and tools to build processes to track account purchases and returns and to identify changes in behavior
- Conduct monthly/quarterly indenting analyses for all accounts depending on size.
- Interact with Sales for all instances where behavior has changed to determine a proper course action moving forward.
- Maintain core eligibility systems by product line or SKU, customers' ceding, new account set-up based on rules established by the business.
- Trigger approved bank releases through Finance and provide follow up to Sales and/or with the Customer.
- Liaise with Sales and take core pricing proposals from Product Management for those on custom price files and make sure Cardone is within the bounds of our contracts and then administer the implementation with Sales and the customer to ensure accuracy and timeliness.
- Resolve with Sales and Finance those instances where Cardone's and the customer's price files do not align once Cardone turns on the "order acceptance" program.
- Conduct thorough and complete reviews of price files for Cardone and the customer to ensure accuracy is maintained.

Freedom Mortgage Corporation | Loan Originator

April 2020-March 2022

- Assists customers in choosing the proper program that best fits their needs and takes the initial loan application
- Provides guidance on the risks and benefits of the different programs available to the client. Explains and communicates the terms of each product and ensures that all the required documents and disclosures are signed and returned in a timely manner.
- Exhibits professionalism and builds relationships with both internal and external customers.
- Works with Sales Force, Outlook, Sales Portal, Stream Portal, and EDMS every day.
- Ensures exceptional customer experience by overseeing the loan process from origination to close and providing on-going communication to customers and business partners.
- Understands and complies with requirements of applicable federal and state laws and regulations
- Continually meets and exceeds the Sales KPI's set by Management for Productivity and QA.
