

# ISAAC PETERS

## Data Analyst

✉ peters\_isaac@outlook.com

☎ 347-653-5920

📍 New York, NY

## WORK EXPERIENCE

### Data & Client Analyst

#### Azerion North America

📅 Feb 2023 - May 2025

📍 New York, NY

- Analyzed audience segmentation and performance metrics for 15+ accounts using Tableau, identifying trends that boosted campaign ROI by 12% for 80% of clients and contributed to \$500K in incremental revenue (20% growth).
- Extracted and interpreted market data from Salesforce and Google Analytics, providing recommendations that optimized targeting and reduced underperforming impressions by 15%.
- Streamlined data workflows in Asana and Salesforce, cutting campaign setup and reporting time by 25% (from 5 to 3.75 days) for 10+ monthly campaigns, enabling faster insights delivery.
- Compiled and visualized quarterly performance reports for 25+ proposals, using Power BI to highlight key metrics that secured 6 contract renewals per quarter.
- Delivered 120+ dashboards and reports, resolving 90% of data discrepancies for 15+ clients within 48 hours.

### Sales Data Specialist

#### Targetspot (acquired by Azerion)

📅 Aug 2021 - Feb 2023

📍 New York, NY

- Tracked and analyzed 60+ monthly leads via Salesforce and HubSpot, achieving a 25% conversion rate and generating 12 new clients annually through data-driven prospect prioritization.
- Maintained database of 250+ prospects, using targeted queries for 20 campaigns that cut onboarding time by 15%.
- Developed 18 data-backed collateral pieces with marketing, using Excel analysis to improve pitch acceptance by 22% based on historical performance trends.
- Conducted data assessments for 100+ prospects, increasing follow-up engagement by 35% by tailoring solutions to identified needs and patterns.
