

MOE AHAD

DATA ANALYST AND BUSINESS INTELLIGENCE DEVELOPER

561-703-6081 | moew050@gmail.com | Houston, Texas | / <https://www.linkedin.com/in/moe-ahad-3557557a/>

PROFESSIONAL SUMMARY

Professional with over 7 years of direct experience and passion in the extraction, cleaning, manipulation and transformation of massive amounts of disparate raw data from multiple sources into compelling and meaningful visualizations and executive-level reports. Possess advanced understanding of T-SQL querying, Python, and dashboard development using various Business Intelligence platforms (Power BI, Tableau, QlikSense). Knowledgeable in the MSBI stack (SSIS, SSRS, SSAS) as well as Azure. Expert in developing and analyzing complicated data sets and converting them into insights that drive business decisions at all levels of the organization.

SKILLS

Power BI | Tableau | Microsoft SQL Server | Snowflake | Python | Web Scraping | Azure Data Factory | Alteryx | SSIS | SSRS | SSAS

WORK EXPERIENCE

Senior Data Analyst

2020 - Present

Niznik Behavioral Health

- Work with business stakeholders at all levels to develop clear and measurable business and testing objectives and define test KPIs.
- Design and create interactive dashboards using Power BI to streamline reporting and promote transparency. Develop and update these dashboards, KPI measures and other tracking tools.
- Migration of 120+ Tableau dashboards to Power BI within tight deadline before Tableau license renewal date.
- Prior to migration, developed interactive and visually compelling Tableau dashboards highlighting key admissions metrics, outreach efforts and trends per facility as well as company-wide, to support admissions growth and forecast accuracy.
- Design, code, test, debug and aggregate results of complex SQL queries to provide information to users. Generate one-time, ad hoc reports by crafting custom SQL stored procedures against the data repository.
- Configure and manage Power BI environments, including 18 workspaces, 1 data gateway, and security settings, enabling secure dashboarding and user stories for organizational compliance.

Business Intelligence Developer

2018 - 2020

Longbridge Financial

- Worked closely with business stakeholders to understand their data needs and delivered insightful, data-driven solutions in the form of SSRS reports, scheduled report subscriptions,

and Power BI dashboards. These dashboards provided near real-time insights into sales performance, market trends, and customer engagement.

- Provided quality assurance of data on an ongoing basis, identifying and correcting outliers and inaccuracies. Identify and resolve data inconsistencies, issues, and concerns using SQL queries to troubleshoot the problem and ensure accuracy.
- Created and maintained documentation for queries, data and requirements.
- Developed pipelines to Extract, Transform, and Load raw data across various data sources using Alteryx.

Business Intelligence Developer (Tableau)

2016 - 2018

LeafFilter North LLC

- Developed web scraping strategies for specific websites and other collection strategies from third-party data resources.
- Standardized KPIs across warehouse and delivery operations, ensuring alignment in reporting and reducing delivery errors through targeted analysis.
- Created pipelines to automate ETL processes and presented solutions to minimize inventory shrink, resulting in a reduction in inventory discrepancies.
- Developed daily, weekly, and ad-hoc Tableau dashboards and reports to monitor inventory levels and forecast demand, ensuring optimal personnel availability.
- Implemented a structured routing system using Google Maps API and Tableau to map customer locations, enabling optimized route assignments and enhancing logistics team efficiency.

EDUCATION

Bachelor of Science Degree | Thomas Edison State University
BData Science and Analytics

2017 - 2019

PROFESSIONAL / VENDOR CERTIFICATIONS

- **Microsoft Certified: Power BI Data Analyst Associate**
- **Tableau Certified Data Analyst**
- **Tableau Certified Desktop Specialist**
- **Snowflake SnoPro Core Certified**
