EXPERIENCE

Product Owner/IT Business Analyst

March 2023 – Present

The Providencia Group

Remote

- Led gap analyses of existing CRM (Salesforce) workflows for a federal contract, identifying inefficiencies and improving response times by 30%.
- Supported a national call center contract utilizing Genesys for omnichannel contact handling and customer engagement.
- Created and maintained detailed Business Requirement Documents (BRDs), aligning contract deliverables with system enhancements.
- Supported cross-platform API integrations and system migrations, collaborating with engineering teams to ensure compliance and performance.
- Utilized Jira and Azure DevOps to manage Agile sprints and user stories to meet tight project deadlines.
- Conducted A/B testing to validate UI/UX updates and improve the user experience across government-facing platforms.
- Delivered training to contract users through Tango documentation and hosted post-launch office hours to promote adoption.
- Analyzed performance metrics using Excel and Power BI to support staffing decisions and continuous improvement initiatives.
- Managed QA and UAT cycles for new feature rollouts, ensuring minimal disruption to contract services.

Case Manager

December 2022 – March 2023

The Providencia Group

Remote

- Facilitate communication among children, sponsors, staff, assessed stakeholders, ensuring effective collaboration.
- Contribute to case staffing sessions to advance reunification efforts, collaborating with program and field teams.
- Handle crisis intervention, conflict resolution, and complex interpersonal situations with compassion and decisiveness.
- Maintain accurate and comprehensive case files in alignment with client policies, utilizing the case management portal.
- Assist in nationwide sponsor vetting, actively participating in verification and approval procedures.
- Provide services to diverse clients, including refugees and asylum seekers, with a focus on making a positive impact.
- Coordinate with team members to ensure clients receive necessary resources and travel information promptly, serving over 300 clients daily.

Social Media Manager

July 2020 – January 2023

UpWork

Remote

- Efficiently create complex strategies, taking on challenging issues and utilizing problem-solving skills to solve clients' needs.
- Digital media content generation using Canva and Adobe Suite
- Utilize task management software such as Microsoft Teams, Asana, and HubSpot.
- Monitor trends with social media tools, applications, channels, design, and strategy.
- Perform Administrative tasks, schedule meetings, and communicate with clients and partners effectively.
- Utilize Digital Analytics with Excel, SQL, and Power BI to Analyze key metrics in order to tweak strategy and present ROI.
- Communicate to content creators/influencers or agencies for effective paid product marketing, resulting in greater brand awareness, a 5% increase in following, and a 10% increase in sales.
