SIX SIGMA GREEN BELT | ENGINEER IN TRAINING (EIT) | MBA

Motivated and determined to consistently improve with 5 years of experience in industrial engineering. Proven ability to collaborate efficiently with stakeholders to identify and execute lean solutions.

WORK EXPERIENCE

Quality Engineer II

January 2024 - Present

Owens & Minor, Remote

- Developed and launched a comprehensive Quality Assurance and Regulatory Affairs intranet page, streamlining information access for operations and other teammates.
- Implemented Power Automate and Power BI to streamline data organization and enable efficient KPI visualization for decision-making. Additionally, empowered teammates through training on these tools.
- Empowered quality teammates and fostered continuous improvement through comprehensive risk management and compliance training (including document reviews, CAPAs, Non-conformances, Supplier Management, Change Controls, and Planned Deviations).
- Spearheaded the development and implementation of the internal Quality Culture Policy, establishing Quality Week and communication initiatives as key drivers of quality awareness and employee engagement.
- Promoted increased Quality participation in project management, operation director, and supervisor meetings, to foster a culture of collaboration and Quality oversight.
- Coordinated the review of 30+ documents for post-merger harmonization.

Quality Engineer I

January 2021 - January 2024

Owens & Minor, Hanover, MD, Remote

- Fulfilled the Quality Representative for company communications.
- Upheld the comprehensive compliance and risk management program with the addition of reviewing over 200 documents.
- Facilitated cross-functional initiatives to standardize product attributes, supplier management, and customer recall processes (utilizing technical solutions).
- Coordinated the planning, development, and execution of 3 successful company-wide Global Quality Weeks.
- Monitored quality and compliance key performance indicators for 15 distribution centers.
- Conducted a training needs assessment for all distribution center personnel, identifying training gaps and facilitated the implementation of continuous improvement effort to meet the training goal of 90%.

Manufacturing Engineer

August 2019 – October 2020

Altec Industries, Roanoke, VA

- Led and participated in 10 Kaizen events and document reviews, saving over \$900,000 annually through improving quality, safety, and on-time delivery processes.

Technical and Materials Management Intern

May 2018 – August 2018

Advanced Acoustic Concepts, Lemont Furnace, PA

- Lean implementation (kitting, storage, 5S) improved organization and reduced workspace footprint by 25%.
-
