

Vatsal Patel | Business System Analyst

Jersey City, NJ | 551-260-4007 | vatsalpatel.analyst@gmail.com | [LinkedIn](#)

SUMMARY

- Seasoned **Business System Analyst** with **over 4 years of expertise**. Streamline **project workflows**, mitigate fraud through meticulous **data analysis**, and boost processing efficiency via strategic system enhancements, driving overall operational excellence.
- Skilled in harnessing **SQL and Python**, proficient in analyzing data to derive actionable insights that enhance operational efficiency. Expertise lies in leveraging various **data analysis** techniques to optimize processes effectively.
- Skilled in developing comprehensive training programs resulting in increased user understanding and adoption rates.
- Specializing in **Tableau** and exploratory data analysis to **unveil trends** and **KPIs**. Proficient in **visualizing** insights for informed **decision-making** and enhancing organizational performance through **data-driven strategies**.
- Skilled in exploratory **data analysis (EDA)**, adept at discerning patterns in **customer demographics** and **preferences**. Utilize various **statistical techniques** to reveal actionable insights, driving informed **decision-making**.
- Demonstrated leadership in streamlining **business processes**, leading **CRM system** implementations, and facilitating **stakeholder meetings** for project prioritization and **cost savings**.

SKILLS

Language:	Python, R, SQL
Frameworks & Libraries:	Matplotlib, Seaborn, REST API, NumPy, Pandas, TensorFlow, PySpark
Databases:	Amazon Redshift, MySQL, MongoDB, Oracle, SQL, NoSQL
Cloud Technologies:	AWS, Google Analytics, Extract, Transform, Load (ETL)
Methodologies:	Agile, SDLC, Waterfall
Data Visualization:	Power BI, Tableau, MS Excel
PM & Analysis:	Business Analysis, Requirement Elicitation and Analysis, Process Mapping and Modeling, Stakeholder Management, Problem-Solving and Critical Thinking, Documentation
Other Tools:	Git, JIRA, GitHub, MS Office 365, Visual Studio Code

PROFESSIONAL EXPERIENCE

UnitedHealth Group, NJ

Mar 2023 - Present

Business System Analyst

- Led comprehensive analysis and **documentation** of complex **business processes** and **system requirements** for **large-scale healthcare** initiatives, ensuring adherence to regulatory compliance and organizational policies.
- Performed advanced **data analysis** and **reporting** using **SQL, Excel, and BI tools** to extract, manipulate, and interpret large datasets, providing actionable insights that decreased patient claim processing time **by 15%**.
- Conducted **gap analysis**, conducted feasibility studies, and **crafted** detailed use cases. Presented findings to senior leaders, leading to a **30% increase** in project approval rates and **strategic technology investments**.
- Led comprehensive **user acceptance testing (UAT)** process, developing thorough **test plans** and **cases**. Collaborated closely with **stakeholders**, **tracked defects**, Ensured **timely resolution & product quality** and **user satisfaction**.
- Spearheaded **data quality improvement**, implementing validation and **cleansing methods**, elevating **data integrity by 30%**, **crucial** for precise **reporting** and **adherence** to **health insurance regulations**. Reduced audit **risks by 15%**.
- Optimized Visio** for **business process modeling**, driving **re-engineering** initiatives. Achieved **10% cost reduction** and **enhanced productivity**, fostering continuous improvement and **operational excellence**.

SundayPyjamas, Remote, India

Oct 2022 - Mar 2023

Data Analyst Intern

- Automated **data extraction** and transformation processes using **Python and SQL**, reducing data processing **time by 30%** and ensuring accuracy in the **weekly reporting pipeline**.
- Developed interactive dashboards using **Tableau** to **visualize key performance** indicators, **enabling stakeholders** to make informed decisions based on real-time data insights.
- Collaborated with diverse teams to optimize **testing procedures**, trimming testing duration by **20% while enhancing** system efficiency. Implemented **cross-functional strategies**, fostering a collaborative environment for seamless process improvement.
- Conducted exploratory **data analysis (EDA)** to uncover trends and patterns in **customer demographics**, preferences, and purchasing behavior, **informing product development strategies**.
- Conducted time-series analysis of sales data using techniques like **ARIMA** and **Prophet**, enabling **accurate demand forecasting** and **inventory management**, resulting in a **20% reduction** in **stockouts**.
- Assisted in the development of **data-driven strategies** to optimize **.NET web applications**, contributing to a **10% increase** in conversion rates.

Business System Analyst

- Collaborated with **cross-functional** teams to streamline **business processes**, utilizing tools such as **BPMN** and **UML**, resulting in a **25% improvement** in **workflow efficiency**.
- Led the implementation of a new **CRM system**, conducting **user training sessions** and providing ongoing support, resulting in a **30% increase** in **customer satisfaction scores**.
- Utilized **SQL queries** and data visualization tools (**e.g., Tableau**) to analyze **data trends** and generate actionable insights, leading to a **10% increase** in **sales revenue**.
- Facilitated **stakeholder** meetings to gather requirements and prioritize **project deliverables**, resulting in a **15% reduction** in project timeline and **20% cost savings**.
- Implemented **Agile** methodologies to improve project **delivery timelines**, resulting in a **30% reduction** in time-to-market for key initiatives.
- Mentored **junior analysts** in best practices for requirements gathering, **system documentation**, and **stakeholder management**, fostering a culture of continuous learning and professional **development** within the team.

EDUCATION

Master's Degree, Information and Technology Management	Mar 2023
Campbellsville University, KY	
Bachelor of Engineering, Aeronautical Engineering	Jun 2018
Gujarat Technological University, India	

CERTIFICATIONS

Advanced Python; SQL for **Data Analysis**; **Data Mining** (Predictive Analysis); **Data Visualization** for **Data Analytics** and **Analysis**; **DevOps QA** Test Engineer; **Six Sigma** Green Belt; **Scrum Master**
