SUMMARY

Salesforce Developer with 4 years of experience in creating custom Lightning Web Components, integrating third-party services, and improving system efficiency. Proven ability in Salesforce Apex, SOQL, SOSL, JavaScript, REST APIs, and XML Services, leading to a 15% improvement in codebase reliability. Seeking to leverage SQL proficiency, data analysis skills, and Salesforce development expertise in a challenging Salesforce Developer role.

WORK EXPERIENCE

College of Technology | University of Houston Houston, Texas
Research Assistant Sep 2023 - Present

- Applies propensity scores and Chi-Square tests to enhance the accuracy of data analysis from the "Research All of Us" database.
- Demonstrates proficiency in SQL for data extraction and preprocessing, facilitating seamless data analysis for research investigations.
- Leads literature review efforts, informing predictive modeling of CRS (Chronic Rhinosinusitis) syndrome.

Bauer Graduate Professional Programs | University of Houston Houston, Texas
Salesforce Developer and Analyst Feb 2023 - Sep 2023

- Utilized SQL and Microsoft Excel to conduct comprehensive analysis of business school admission metrics.
- Streamlined application tracking for an estimated 11,000 prospects and incoming students, effectively reducing decision times by a two-week duration.
- Developed and integrated a two-factor authentication system, bolstering security standards and enhancing end-user productivity by 20%.
- Established a Case Management system via Service Cloud, automating the allocation of technical and service-related cases to agents, leading to a 40% reduction in response times.

Tata Consultancy Services Limited Hyderabad, India
Salesforce Developer Sep 2019 - Jul 2022

- Developed REST APIs, successfully processing over 1 million online orders to multiple pet care vendors, and integrated third-party services, improving order processing efficiency by 20%.
 - Implemented best practices in Salesforce Apex, SOQL, SOSL, JavaScript, REST APIs, and XML Services, enhancing codebase reliability and maintainability by 15%.
 - Deployed a solution for data refresh operations, achieving a significant performance boost and decreasing operation time by 91.6%.
 - Configured profiles, permission sets, and security levels, and developed custom Lightning Web Components, resulting in a 75% reduction in configuration time and 30% reduction in manual intervention.
-

EDUCATION	University of Houston, Cullen College of Engineering	Houston, Texas
	Master of Science in Data Science	May 2024 (expected)
	Rice University	Houston, Texas
	Inter-Institutional Course	Dec 2023
	Jawaharlal Nehru Technological University	Kakinada, India
	Bachelor of Technology in Mechanical Engineering	May 2019
CERTIFICATIONS	Salesforce Certified Administrator, Salesforce	
	Salesforce Platform Developer – I, Salesforce	
SKILLS	Salesforce Apex • Javascript • Lightning Web Components • SOQL • Data Loader • Workflow rules • Process builder • Visualforce • Python • Java • Linux • SQL • MySQL • Microsoft Access • Apache Spark • Apache Hive • Sqoop • Multinomial Regression • SVM • KNN • Decision Trees • Neural Networks • Tableau • Matplotlib • Seaborn • PyTorch • GitHub • Postman • NumPy • Pandas • Scikit Learn • Scrapy • Salesforce Lightning • roles • Problem-solving skills • SOSL • reports • Integration with other platforms
