

HUBERT CHEN

Vanderbilt TN; Princeton Junction NJ 
Hubertchen2020@gmail.com  (347) 463-0764 
<https://www.linkedin.com/in/hubertychen/> 

Driven and analytical with skills in quantitative methods, AI, computational programming and business analytics.
Effective in problem-solving, teamwork, and delivering results.

EDUCATION

- Vanderbilt University, Nashville, TN, Cumulative GPA: 3.95. Graduated with distinction
- Current in pursuit of BS: Major-MHS (Medicine, Health and Society)
- Second Major-Applied Mathematics; Minor- Computer Science

SKILLS & ABILITIES

- Software programming (Java, C++, R, MySQL, PostgreSQL, Python, Power BI, Tableau, Phoenix WinNonlin, Excel)
- Mathematical Modeling, Large Data Analytics & Foundational AI/ML in Biology, Healthcare, Medicine, and Finance
- Genomics & Bioinformatics (Bion, GWAS, dbSNP, WANNONVAR, Big data, Analyze DNA, mRNA sequences)
- Hands-on Lab operational skills (pipetting, LC-MS, Elution, Cell cultures, DNA purification, PCR, gel Electrophoresis)
- Healthcare Policy & Economics. Strong foundation in financial principles, business analytics, and actuarial science

INTERSHIP & WORKEXPERIENCE

- 6/25~8/25 **Bristol Myers Squibb Inc - Lead Discovery and Optimization Intern**
Evaluated BMS' historical high-throughput screening data using SQL, R/RStudio, and Python.
Experimentally tested Identified cytotoxic compounds in multiple cell lines and 2D/3D cultures
- 5/24~8/24 **The Cigna Group - Healthcare Analytics Intern**
Analyzed pharmacy/medical/lab/billing data; Use PostgreSQL and Intellisphere on population health, market trends and product performance; Present findings on specialty, gene & cell therapy pipelines
- 6/23~8/23 **Bristol Myers Squibb Inc - NCRD/DMPK Nonclinical R&D Intern**
Investigated drug-drug interactions and riboflavin as a biomarker of BCRP - an efflux transporter activity; Performed PK/PD modeling and biosimulation using R, Python, and Phoenix WinNonlin.
- 7/22~8/22 **Hua Medicine USA. Inc --Intern**
Examined FDA regulations/guidance & competitive landscape in relation to assigned tasks.
- 6/21~6/22 **Dumplings2Go -- Assistant Manager**

PROFESSIONAL & RESEARCH EXPERIENCE

- 8/24~Now Esophageal Cancer Research Assistant at Vanderbilt: experience in data analytics, data models (OMOP/CDM), cloud-based environments, database management of Baker database (one of VUMC's largest oncology repositories); Serving team between VUMC and Daiichi Sankyo to evaluate protein as biomarker and therapeutic target in esophageal, head & neck cancers; Serving team between **VUMC, Lunit AI** working to enhance Lunit AI SCOPE IHC screening technology (Under Dr. Michael Gibson)
- 8/23~8/24 Research Assistant, Vanderbilt Lung Cancer Program of VUMC (Dr. Melinda C. Aldrich Lab) - Genetic epidemiology, population genetics, and machine learning approaches to big data and health disparities
- 5/23~8/23 2023 Vanderbilt AI Summer with the Data Science Institute
Learn transformer models, ChatGPT and other generative AI models. AI-assisted Python
- 5/23~6/23 2023 Goldman Sachs Virtual Insight Series
Explore many facets of Goldman Sachs' business and professional development
- 1/23~Now American Society of Human Genetics (ASHG) advocate.
Petition members of congress and local representatives on what U.S. genetics/genomics research needs and advocate. <https://www.ashg.org/advocacy/acgt-program-trainees/>
- 11/22~5/23 Research Assistant at VUMC Cardiology Core Lab Translational & Clinical Research (Dr. Yan Ru Su Lab)
- 11/20~1/21 AI project in healthcare: Medical diagnosis by detecting Pneumonia from Chest X-rays. *Inspirat AI*

SELECTED PUBLICATIONS

- Roles of organic anion transporting polypeptides in hepatocellular carcinoma **H. Chen** *Front Genet* 2025 Jul 15:16:1550723
- Current and Novel Treatment Approaches for Locally Advanced Esophageal Squamous Cell Carcinoma: A Narrative Review, Margaret Comer, M.D., **Hubert Chen**, Margaret C. Wheless, M.D., Michael K. Gibson, M.D., Ph.D. *Annals of Esophagus Vol 8 (September 30, 2025). doi: 10.21037/aoe-25-1*

LEADERSHIP & VOLUNTEER

- President for Project Sunshine (club dedicated to supporting children at UMC with crafts)
- Vice President of Operations for Volunteers4Health
- Working for Nottingham Ambulance Squad (EMT in New Jersey)

TRAINING & CERTIFICATES

- EMT Qualified (NREMT Credential ID E5425102). EMT volunteer at Mount Sinai Beth Israel.
- 2022.12 Goldman Sachs Engineering Virtual Program Certificate
- 2022.11 Google course: Data Analysis with R Programming Certificate (No. ND5D69G5EXRA)
- 2021.8 IBM course: Python for data Science, AI & Development, Certificate (No. GSZDGVj8NjjT)

LANGUAGE

- English, Chinese, French

HOBBIES & INTERESTS

- Competitive Chess Player - University Chess Team
- Marathon runner - Long-distance Running Enthusiast
