EDUCATION

Northeastern University

Master of Science in Regulatory Affairs for Drug, Biologics, and Medical Devices

Boston, MA

Sep 2022 – Dec 2024

Gujarat Technological University

Master of Pharmacy

Bachelor of Pharmacy

Vadodara, GUJ, IN

Jun 2015 – May 2017

Aug 2011 – May 2015

TECHNICAL SKILLS

Regulatory & Laboratory: SOPs, cGMPs; FDA, EMA, Health Canada, ICH, and ISO; IND, NDA, ANDA, BLA, MAA, IDE, De Novo, 510 (k), PMA; ISO 9000, ISO 9001, ISO 14971, ISO 13485, ISO 11135, Class-I, Class-II, Class-III, 21 CFR 201, 211, 600, 606, 611, HIPPA

Instrument Skills: Parata, HPLC, UV, MS-3000, Zetasizer, pH, Rheometer (Anton Paar), Coulometry, Brook Field Viscometer, GC, LC-MS, Densitometer, Coulometer, KF Titration, weighing balance, KF coulometer, Tensiometer, Brookfield Viscometer, Anton Paar, Zeta sizer, Liquid Particulate Count

Software & Databases: LIMs, QMS, Track wise, PubMed, Microsoft Office (Word, Excel, PowerPoint, Outlook)

EXPERIENCE

Regulatory Analyst

Quality Pharmacy Corp

Sep 2025 – Present

Worcester, MA

- Assisted during internal audits and external regulatory inspections by preparing comprehensive documentation, responding to information requests, and tracking follow-up actions to ensure timely resolution
- Supported supplier qualification processes and conducted regulatory documentation reviews to ensure compliance with quality standards and regulatory expectations
- Coordinated with internal teams and external stakeholders to gather information and address regulatory requirements efficiently

Pharmacy Technician

Walgreens

May 2025 – Sep 2025

Boston, MA

- Assist Pharmacist in reviewing Center of Medicare & Medical service (CMS) prescription data claims as well as from third party insurance providers
- Maintain and up to date Standard Operating Procedures (SOP) for handling of prescriptions, storage of medications, Refrigerator Logs, Daily logs, controlled substance storage
- Draft new procedures for preventive action when conducting Medication Therapy management sessions as well as documentation of root cause analysis
- Strict maintenance of HIPAA regulations and updating in a timely manner

Regulatory Affairs Specialist

Becton Dickinson

Sep 2024 – Dec 2024

San Diego, CA

- Managed BEC and UDI product listings, ensuring compliance for smooth international market entry across 12 countries
- Led initiative reducing complaint resolution time from 30 to 15 days through effective CAPA implementation
- Streamlined audit documentation, reducing vendor assessment time by 10 hours monthly while maintaining high accuracy
- Implemented comprehensive review of all documents using Visio Process Mapping to ensure adherence to stringent regulatory standards, which improved accuracy rates across audit processes by achieving zero non-compliance flags during inspections

Experiential Network Project-Regulatory Affairs

Breegi Scientific Inc.

Sep 2023 – Dec 2023

Boston, MA

- Performed a comprehensive study of the organizations, process improvement, technical reports, document control, and regulatory approvals in Switzerland's medical device regulatory environment
- Developed a comprehensive road map outlining crucial dates and requirements for bringing a Class II medical device that has FDA approval to the Indian market
- Proposed effective communication techniques to keep top management, internal stakeholders, and team members informed about project requirements and regulatory submission requirements

Quality and Analytical Development CO-OP

Jan 2024 – May 2024

Ring Therapeutics

Boston, MA

- Conducted organic synthesis and purification experiments, utilizing modern techniques to produce pure, characterized compounds for biological evaluation
- Analyzed structure-activity relationships (SAR) by interpreting assay data to optimize small molecule designs for target identification
- Maintained laboratory efficiency through instrument upkeep, LIMS utilization, and implementation of new technologies
- Coordinated in LC-MS for protein analysis, identifying mass-related impurities, and peptide mapping

Quality Assurance Specialist

Jul 2017 – Sep 2022

Sun Pharmaceuticals Industries Limited

Vadodara, GUJ, IN

- Conducted method validation of ophthalmic solutions using HPLC, ensuring compliance with industry standards and facilitating the delivery of 100% quality-assured products for enhanced patient safety across all batches
- Led analytical testing initiatives focused on determining key parameters such as assay accuracy, impurity profiles, and moisture content in Amphotericin injections through 120 samples processed weekly under stringent lab conditions
- Critiqued over 300 routine pharmaceutical formulations (Bimatoprost OS, S0597 Depot), focusing on viscosity metrics to enhance product reliability amid manufacturing hurdles
- Composed SOPs aligned with global quality policies, ensuring compliance and maintaining 100% audit readiness consistently
- Refined incident reporting as a junior validation member, improving accuracy and monthly LIMS updates and CAPA
- Started critical metrics, reducing non-conformance rates by improving resolution time from three days to one

Internship

May 2016 – Jun 2017

Sun Pharmaceuticals Industries Limited

Vadodara, GUJ, IN

- Developed studies of forced degradation as samples were placed in Acid, Base, Thermal, Photolytic, and Peroxide Degradation, kept for one whole day to reach out for the result

Trainee

Jul 2014 – Aug 2014

Sun Pharmaceuticals Industries Limited

Vadodara, GUJ, IN

- Mastered 15 departmental SOPs for diverse instruments, playing a crucial role in achieving high compliance rates, streamlining processes, and ensuring successful internal audits throughout the duration of the training
