

CHARAN THOTA

Boston, MA, USA | +1 (857) 437-9652 | charan.thota@aogjob.com | [LinkedIn](#)

SUMMARY

Results-driven Data Analyst with 3+ years of experience specializing in Power BI, SQL, and Python to develop actionable insights and streamline reporting processes. Proven track record in improving decision-making speed, operational efficiency, and data quality. Expertise in building dynamic dashboards, automating reports, and optimizing ETL pipelines. Adept at analyzing large datasets to enhance business outcomes and drive growth across diverse industries.

EDUCATION

Master's in Data Analytics

Northeastern University

July 2023

Boston, MA

PROFESSIONAL EXPERIENCE

Cigna Group

Data Analyst

Remote

Jan 2024 - Present

- Analyzed 10M+ patient records using SQL and Python to extract key metrics like ALOS, cost per patient, and readmission rates, improving operational efficiency by 15%.
- Built data pipelines in AWS Redshift and automated workflows with Python, creating predictive models that achieved 75% accuracy in forecasting readmission likelihood and optimized resource allocation.
- Developed machine learning models (logistic regression, random forests) with data science teams, improving readmission prediction accuracy by 20% and reducing hospital readmissions by 10%.
- Automated data extraction from 50+ sources and created 5 Power BI dashboards, helping drive a \$5M cost reduction through data-driven care strategies.
- Integrated Salesforce Health Cloud with internal data systems, streamlining patient management workflows and enhancing data accessibility.

CVS Health

Data Analyst Intern

Boston, MA, USA

Jan 2023 - Aug 2023

- Designed and deployed 20+ Power BI dashboards, cutting decision-making time and report generation, saving 500+ man-hours annually through optimized queries and data modeling.
- Analyzed datasets with 1M+ rows using SQL, Python, and statistical methods, improving process efficiency by 15% and market share while boosting campaign conversion rates by 10%.
- Built and maintained ETL pipelines with SQL Server, Azure Data Factory, and Python, improving data accuracy and reducing redundant data by 10% through data governance.
- Led A/B testing and predictive analytics, driving a 10% increase in conversions and 20% quarterly sales growth, while integrating Salesforce, SQL, and Azure data for real-time updates and 15% better sales pipeline visibility.

Sigma InfoSolutions

Data Analyst

Bengaluru, India

Jan 2020 - Aug 2021

- Managed large-scale SQL databases and integrated Salesforce data, ensuring accurate and seamless data flow, which improved reporting accuracy and business decision-making.
- Transformed data from 100+ spreadsheets using Power Query in Power BI and developed 50+ DAX measures weekly for advanced business analysis and insights.
- Conducted detailed statistical analyses on sales growth, customer retention, and product profitability, enabling more informed business strategies.
- Created dynamic Power BI visualizations, such as bar charts, histograms, and scatter plots, to highlight product sales trends and boost stakeholder engagement.
- Integrated Salesforce with Power BI to track key sales metrics, increasing lead conversion rates by 15% and enhancing sales forecasting accuracy.

TECHNICAL SKILLS

Methodologies: SDLC, Agile/ Scrum, Waterfall

Language & Databases: Python, SQL, R, MySQL, MS SQL Server, ETL.

Python Packages: Pandas, NumPy, Matplotlib, SciPy, Scikit-Learn, SeaBorn, PyTorch, ggplot2, Plotly

Data Analytics Skills: Data Manipulation, Data Cleaning, Data Visualization, Exploratory Data Analysis, Data Analysis

Others: AWS, AZURE(Databricks), NLP, A/B Testing, Hypothesis testing, ETL, Hadoop, Spark, Big Query, Apache Airflow

Tools: Tableau, Power BI, QlikSense, QlikView, Advanced Excel, Visual Studio, Jupyter Notebook, Salesforce

Version Control: Git, GitHub

Operating System: Windows, macOS

CERTIFICATIONS

- Microsoft Certified: Azure Data Fundamentals
- Microsoft Certified: Azure Fundamentals
- Microsoft Certified: Power BI Data Analyst Associate
- Microsoft Certified: Azure Data Engineer Associate
- Graduate Certificate in Agile Project Management
