Professional Summary

Results-driven professional with a Master's in Business Analytics and a multidisciplinary background in product delivery, project coordination, and data-driven communications. Nearly three years of experience managing digital campaigns, delivering strategic initiatives, and collaborating across cross-functional teams. Skilled in Agile practices, stakeholder engagement, and product lifecycle support. Seeking a Product Delivery role where I can drive value through operational excellence and data-informed decisions.

Product & Delivery Skills

- Project Delivery Tools: JIRA, Trello, Confluence, Asana
- Agile Methodologies: Scrum ceremonies, sprint planning, retrospectives
- Communication Tools: Microsoft Teams, Slack, Zoom, Google Workspace
- Delivery Experience: Campaign execution, product launch coordination, cross-functional team management
- Analytics Integration: Tableau, Power BI, Python, R, SQL for measuring delivery outcomes

Professional Experience

Product Delivery & Communications Lead

UN Women USA – San Francisco Bay Area (Remote) | *June 2021 – March 2023*

- Led planning and execution of two high-impact initiatives (*Global Voices Film Festival* and *WeWalk*), coordinating timelines, deliverables, and team assignments across content, design, and technical teams, resulting in a 20% increase in fundraising contributions.
- Managed digital product rollouts and outreach strategies across multiple platforms, increasing user engagement by 400% and contributing to a 150% rise in monthly website traffic.
- Collaborated with designers and marketers to deliver integrated communication products on time.
- Maintained performance dashboards and KPIs to assess delivery efficiency and optimize resource allocation, helping reduce campaign costs by 25%.
- Facilitated weekly stand-ups and stakeholder check-ins to ensure delivery alignment.

Capstone Project Lead – Business Analytics Delivery

Grand Canyon University | *May 2024 – July 2024*

- Managed project scope, deliverables, and sprint timelines for a 3-member analytics team.
- Delivered a predictive employee attrition model with 85% accuracy using Python and R.
- Created executive-facing dashboards using Tableau and Power BI to communicate insights to forecast savings of up to \$200K in annual employee retention efforts..
- Presented findings to stakeholders, recommending a revised retention package that offered 30% cost reduction over traditional hiring and training.

Legal Analyst – Product Support & Research

BTG-IP Services Pvt. Ltd., New Delhi, India | *June 2017 – Nov 2018*

- Supported resolution processes for corporate clients under the Insolvency and Bankruptcy Code (IBC, 2016).
- Conducted detailed legal research and maintained documentation using Excel to track claim resolutions and financial settlements exceeding \$5M.
- Collaborated with legal, finance, and client teams to deliver case updates and product summaries.

Volunteer – Research & Grants Analyst

Arizona Women's Partnership | Phoenix, AZ | *May 2021 – June 2021*

- Compiled grant prospect lists and contributed to proposal writing and strategy.
- Maintained tracking documents and supported team collaboration remotely.
