PROFESSIONAL SUMMARY

Software Engineer with hands-on experience in mainframe development, full-stack technologies, and data-driven problem solving. Proven ability to maintain and optimize enterprise systems, resolve complex technical issues, and improve system performance. Skilled in COBOL, Python, JavaScript, SQL, and modern web technologies, with additional experience applying data analysis and AI concepts to improve business outcomes. Known for combining strong technical expertise with customer-focused problem solving, delivering scalable and reliable solutions in fast-paced environments.

TECHNICAL SKILLS

Programming & Development

COBOL • Python • JavaScript • SQL • HTML • CSS

Mainframe Technologies

z/OS • JCL • DB2 • CICS

Networking & Security

Network Architecture (OSI/TCP/IP) • Routing/Switching • Fortinet Security Fundamentals

Tools & Concepts

Data Analysis • AI Fundamentals • System Optimization • Debugging • Performance Tuning

Additional Skills

REST Concepts • Version Control (Git - if applicable) • Agile Fundamentals

EXPERIENCE

MAINFRAME SOFTWARE DEVELOPER, MEDICAL MUTUAL OF OHIO – FEB 2024-APR 2025

- Maintained and enhanced **enterprise COBOL applications** supporting critical business operations across z/OS environments.
- Diagnosed and resolved complex system issues, improving **application reliability and reducing system errors by ~20%**.
- Collaborated on data file processing and DB2 integrations, contributing to **faster data processing and improved system efficiency**.
- Applied performance optimization techniques to improve **batch job execution time and system stability**.
- Implemented coding and debugging best practices, reducing **recurring defects and improving code quality**.

TECHNICAL SUPPORT SPECIALIST (ACCESSIBILITY & SYSTEMS SUPPORT, APPLE – AUG 2013-SEPT 2021

- Resolved high-volume technical issues across software, hardware, and system environments, maintaining a **95% customer satisfaction rate**.
- Troubleshoot complex technical problems, strengthening **root-cause analysis and debugging skills applicable to software engineering**.

- Led training initiatives that reduced issue resolution time by **15% and improved team productivity by 20%**.
- Managed escalations with a **95% success rate**, ensuring rapid resolution of critical issues.
- Delivered technical guidance to users, improving **system adoption and reducing repeat issues**.

TECHNICAL PROJECTS

Full-Stack Development Projects

- Built responsive web applications using **HTML, CSS, JavaScript, and Python**, improving functionality and user experience.
- Developed backend logic and database interactions using **SQL and Python**, enabling efficient data handling and retrieval.

Marketing Data Analysis Project

- Analyzed marketing datasets to identify trends and generate **data-driven insights for campaign optimization**.
- Applied analytical techniques to improve **decision-making and performance tracking**.

Digital Strategy Project - Magnolia Coffee Company

- Designed a data-driven strategy projected to **increase customer engagement by 15%**.
- Built customer personas and journey maps, demonstrating **user-centered design and analytical thinking**.

EDUCATION & TECHNICAL TRAINING

Full Stack Software Development Program

Cleveland Codes

- Developed full-stack applications using **JavaScript, Python, HTML, and CSS**

Mainframe COBOL Software Development Immersive

Interapt

- Hands-on experience with **COBOL, z/OS, DB2, JCL, and enterprise system architecture**

Networking Fundamentals Bootcamp Self-Paced Certificate

Fortinet Training Institute

- Completed comprehensive training in network architecture (OSI/TCP/IP) and security-driven networking fundamentals.

Google AI Essentials Certificate

- Applied foundational AI concepts to **data analysis and business problem-solving**

Udacity Digital Marketing Nanodegree

- Training in **analytics, data interpretation, and performance measurement**

Information Technology System Administration Program

- Focused on **networking, security, and system troubleshooting**

Associate of Arts

Cuyahoga Community College
