Arlington, TX 76010 | 817-791-4204 | bablubotta@gmail.com |
http://linkedin.com/in/bharadwajaa-b-704351203

DATA ANALYST | SQL • Power BI • Python Analytics

IMPACT SUMMARY

Analytics professional delivering 30+ hrs/mo automation, 20% accuracy gains, \$120K cost savings, and real-time insights across 500K+ records in healthcare + manufacturing domains.

EDUCATION

M.S. Applied Statistics & Data Science UT Arlington 2024-2025

B.E. Electronics Engineering RMK Engineering 2019-2023

EXPERIENCE

Machine Learning Engineer Zorava Technologies Sep 2021–Nov 2023 (27 mo)

- Analyzed 500K+ sensor records using SQL → Identified defect patterns → Enabled 18% reduction (\$120K saved)
- Built ARIMA forecasting models → Optimized inventory across 12 factories → 25% stockout improvement
- Designed Tableau dashboards for Ops/Finance stakeholders → Drove \$2M+ resource allocation decisions
- Automated SQL data pipelines → Eliminated 40+ hrs/mo manual reporting across production teams

Data Analyst Intern UTA College of Nursing Feb–Jul 2025

- Applied SQL CTEs/window functions → Resolved data inconsistencies in 10K+ patient records → 30+ hrs/mo saved
- Developed Power BI dashboards → Achieved 20% clinical data accuracy improvement → Adopted by leadership
- Partnered with nursing faculty stakeholders → Translated analytics into actionable workflow recommendations

KEY PROJECTS

Healthcare Analytics Dashboard

Designed operational dashboard processing 10K+ patient records → Automated manual Excel workflows → Delivered insights 30% faster for nursing leadership | SQL • Power BI • Tableau

Cloud Data Pipeline

Built event-driven analytics pipeline → 50% faster deployment → Real-time insights at scale | GCP • Terraform • BigQuery

CORE ANALYTICS SKILLS

SQL (CTEs/Window Functions/Query Optimization) • Python (Pandas/NumPy) • Power BI • Tableau
Statistical Analysis (ARIMA/Hypothesis Testing) • Data Visualization • Stakeholder Reporting

CERTIFICATIONS & DISTINCTIONS

AWS Certified Machine Learning Specialty | Top 10% Kaggle Competitor | Author of 3 IEEE ML Papers

TECHNOLOGY: AWS/GCP • Docker • Terraform • Git
