PROJECTS

Capstone Project – SEO Content & Performance Analysis Trust Clarity Inc	May 2025–Aug 2025
▪ Conducted keyword research and search trend analysis to identify high-traffic content opportunities across telecom product categories. ▪ Curated and structured 50+ SEO-aligned blog topics mapped to product SKUs to improve digital discoverability. ▪ Collaborated with stakeholders to align content strategy with business objectives using data-driven insights.	
U.S. Data Science Salary Trends Dashboard Tableau, Power BI Project	Jan 2025- Mar 2025
▪ Analyzed U.S. data science salary data (2020–2024) to identify trends across experience levels, job roles, geographic regions, and employment types ▪ Developed interactive dashboards in Tableau and Power BI with time-series and comparative visualizations to deliver actionable insights for compensation benchmarking and workforce planning.	
Amazon Pricing & Customer Sentiment Analysis Python Project	Nov 2024- Dec 2024
▪ Performed pricing, discount, and sentiment analysis in Python to identify sales drivers and customer pain points. ▪ Generated data-driven recommendations to optimize discounts, improve category performance, and enhance customer experience.	
Retirement Fund Performance Analysis Regression & Statistical Modeling	Sep 2024- Nov 2024
▪ Conducted exploratory data analysis on 316 retirement funds to evaluate relationships between risk, market cap, expense ratio, and returns. ▪ Performed hypothesis testing (t-test, ANOVA, chi-square) and built multiple regression models to predict 1-year returns. ▪ Optimized model using backward elimination, explaining ~39% variance in returns and identifying key performance drivers.	

PROFESSIONAL EXPERIENCE

Graduate Assistant – Information Management & Business Analytics Montclair State University	Jan 2025 - Present
▪ Analyzed academic and operational datasets using SQL and Python to identify performance trends and improvement opportunities. ▪ Designed KPI dashboards in Tableau and Power BI, improving visibility into course and student performance metrics. ▪ Collaborated with faculty stakeholders to gather reporting requirements and translate them into analytical solutions. ▪ Conducted data validation and root cause analysis to support evidence-based decision-making.	
HR Specialist – Recruitment & Data Analytics Onboard Consultancy	Dec 2023 – May 2024
▪ Conducted recruitment funnel analysis to identify bottlenecks and improve hiring efficiency by 15%. ▪ Developed KPI reports tracking time-to-hire, conversion rates, and sourcing effectiveness. ▪ Partnered with hiring managers to refine job requirements and enhance candidate-job alignment.	
HR Executive – Workforce Analytics & Process Optimization Sana Safinaz Pvt Ltd	Jun 2021 – Dec 2022
▪ Built workforce analytics dashboards to monitor attrition, compliance, and engagement metrics. ▪ Automated CV screening and interview scheduling workflows to improve operational efficiency. ▪ Conducted attrition analysis and presented retention strategy recommendations to management. ▪ Produced workforce trend analyses to support strategic hiring decisions.
