Summary

Enthusiastic and detail-oriented software engineer with a proactive approach to work, eager to leverage technical expertise and creativity to drive innovative projects forward. Committed to continuous skill development in a dynamic and challenging environment.

Skills

Languages: Java, C, Data Structures, Algorithms

Framework: SpringBoot

Technologies: ElasticSearch, Kafka, Drools, Ansible, Git, Mockito, Cassandra

Education

National Institute Of Engineering

Bachelor of Engineering, Computer Science - CGPA: 9.03/10

Aug 2018 – Oct 2022

Experience

Software Engineer II

Cisco Systems India Pvt. Ltd.

Bengaluru, India

Nov 2024 – Mar 2025

- Transformed into NGVSService, a validation-focused microservice leveraging the Drools rule engine for rule-based systems.
- Building and optimizing automated decision-making processes within validation workflows, enhancing business rule accuracy.

Software Engineer I

Cisco Systems India Pvt. Ltd.

Bengaluru, India

Aug 2022 – Oct 2024

- Backend developer for the Cisco Commerce Workplace Renewals (CCWR) application, the primary e-commerce platform through which customers and partners can renew services and subscriptions of Cisco products.
- Spearheading the design and optimization of a pivotal microservice, CCRCSearch, with a primary emphasis on enhancing data retrieval efficiency from Elasticsearch.
- Executing the integration of Kafka and Snowflake in alignment with business requirements and objectives.
- Designed and implemented end-to-end APIs for Search module and several cross-functional modules, ensuring seamless integration and functionality throughout the system.
- Performed JUnit testing and elevated code coverage across multiple microservices roughly from 45
- Executed load testing across multiple modules to evaluate performance and scalability, ensuring robustness under heavy loads and peak usage scenarios.
- Implemented upgrades for Spring Boot and Java versions to ensure the platform remains up-to-date with the latest technologies.
- Facilitating code reviews and offering constructive feedback to team members.

Certifications

Cisco Certified DevNet Associate Certification.
