PROFILE SUMMARY

Results-driven Clinical Research Coordinator with 4+ years of experience in IRB submissions, informed consent, AE/SAE reporting, regulatory documentation, EHR/EMR data entry, and protocol compliance. Skilled in coordinating multi-site studies, maintaining audit-ready regulatory binders, and ensuring adherence to ICH-GCP, FDA, and HIPAA guidelines. Proven ability to support end-to-end clinical trial operations through precise documentation, protocol adherence, and data integrity assurance. Adept at collaborating with multidisciplinary teams to streamline study workflows, enhance compliance, and maintain high standards of patient safety

EDUCATION

Master's in health informatics | University of Findlay | Findlay, OH

Jan 2024 – Dec 2025

Key Courses – Healthcare Data Analytics, Clinical Support Systems, HER Implementation and Health Information Exchange (HIE)

Bachelor's in Doctor of Pharmacy | Malla Reddy Pharmacy College | India

July 2015 – Mar 2021

Key Courses – Pharmacology, Therapeutics and Clinical Practice with a focus on patient safety and evidence-based care.

SKILLS

- Clinical Research Coordinator | IRB Submissions | Budget & Cost Control | Procurement & Contract Management | Informed Consent | Protocol and GCP Compliance | AE/SAE Reporting | Regulatory Documentation | CTMS Oversight | Process Improvement | Data-Driven Decision Making | Audit Readiness | Problem-Solving | Time Management | Root Cause Analysis | Risk Assessment | Power BI | Tableau | SQL | MS Excel & MS Office | HIPAA Compliance | EHR/EMR (Epic, Cerner)

SOFTWARE PROFICIENCY

Epic | REDCap | Medidata Rave | IRBNet | Veeva CTMS | Power BI | Tableau | SQL | Microsoft Excel | Word | Advarra CIRBI | Cerner

EXPERIENCE

Graduate Research Assistant | University of Findlay | Findlay | Ohio

May 2024 – Aug 2025

- Worked with health informatics to ensure Epic modules met quality and safety standards, including adverse event logging and patient outcome tracking. Supported Clinical Quality Measure (CQM) reporting through Epic's reporting modules.
- Validated Clinical Workflows and system configurations to ensure compliance with CMS, HIPAA, and internal quality standards.
- Reviewed EHR systems in Epic and REDCap to meet 21 CFR Part 11 and HIPAA requirements for data security and electronic record integrity.
- Monitored vendor performance and adherence to service-level agreements, escalating deviations and supporting corrective action plans to maintain trial continuity and ensure consistent operational quality standards.

Global Supply Sourcing Specialist (Clinical Trial Operations) | Parexel International | India

Oct 2022 – Sep 2023

- Developed and managed formal and complex RFI/RFQ/RFP processes, ensuring a high-quality and compliant supply chain to support ongoing clinical trials and streamline project coordination across multiple stakeholder groups.
- Assisted internal stakeholders with sourcing queries and troubleshooting system difficulties, ensuring timely procurement of products and services at budgeted costs and alignment with trial requirements.
- Collaborated with cross-functional teams including clinical operations, vendors, and quality assurance to streamline procurement workflows and enhance trial readiness by improving communication, and overall project coordination efficiency.
- Coordinated the return and reconciliation of rental equipment and medical devices, proactively mitigating risks, and resolving quality issues with third-party suppliers to support seamless study closure and maintain uninterrupted clinical trial operations.

Clinical Research Coordinator | AIG Hospitals | India

Sep 2020 – Oct 2022

- Conducted site feasibility and qualification activities in coordination with sponsor CRAs to ensure full study readiness efficiently.
- I participated in site initiation visits, ensuring proper training on protocol, informed consent, and EDC entry.
- Performed ongoing site management including patient screening, informed consent, and source data verification under CRA supervision, ensuring protocol adherence, accurate data capture, timely reporting, and compliance with regulatory standards.
- Reviewed Investigator Site Files, tracked essential documents, and ensured audit readiness. Documented protocol deviations in CTMS, performed query resolution with data management teams, and supported regulatory submissions.

Clinical Trial Associate | Malla Reddy Health City | India

June 2018 – Sep 2020

- Counseled patients on therapy adherence, safety monitoring, and lifestyle modifications, educating them on potential side effects, addressing concerns, reinforcing compliance, and supporting improved long-term health outcomes.
- Entered AE data into EDC systems and ensured compliance with regulatory reporting timelines, verifying accuracy, resolving discrepancies, coordinating with study teams, and maintaining audit-ready documentation for all clinical trial activities.
- Performed data transcription, cleaning, and entry in EHR/EDC systems, verifying accuracy, resolving discrepancies, maintaining audit-ready records, collaborating with clinical, regulatory compliance, and supporting high-quality, timely data reporting for trials.

ACADEMIC PROJECTS

Treatment Pattern & Lifestyle Modifications in LRTI Patients

- Analyzed treatment patterns and impact of lifestyle modifications on reducing LRTI symptoms and improving patient quality of life.
- Identified correlations between specific treatment regimens and patient recovery rates, providing insights for optimizing clinical care strategies.

CERTIFICATIONS

- Certified as a Pharmacist by Pharmacy council of India (PCI), Telangana State, India. Human Subjects Research – CITI Training Social & Behavioral Research (IRB) – CITI Training. Good Clinical practice - Novartis.
